BOTANY & MICROBIOLOGY

1. **Name of the Department** : **Botany & Microbiology**
2. **Year of Establishment** : **1967**
3. **Is the Department part of a School/Faculty of the University?**
Faculty of the University
4. **Names of programmes offered:**
M.Sc. Botany
M.Sc. Microbiology
M. Phil/ Ph. D in Botany and Microbiology
Besides department offers the following NON CORE papers under CBSC pattern.
M.Sc. Botany: 1. Horticulture and Landscape
2. Medicinal Plants and Human Health
M.Sc. Microbiology
1. Microorganisms in health and environmental alleviation.
2. Microbes and Agriculture
5. **Interdisciplinary programmes and the departments involved:** Nil
6. **Courses in collaboration with other Universities, Industries, Foreign institutions, etc. :** Nil
7. **Details of programmes discontinued, if any, with reason:** Nil
8. **Examination System:** Semester/Choice Based Credit System.
9. **Participation of the department in the courses offered by other departments**
Faculty are involved in taking classes for MBA International Business students.
10. **Number of teaching posts sanctioned, filled and actual (Professors/Associate Professors/ Asst. Professors/ Others)**

	Sanctioned	Filled	Actual (including CPS & MPS)
Professor	3	1	1
Associate Professors	3	nil	nil
Assistant Professors	6 + 2	7	7

Dr. A. Amruthavalli	M.Sc., Ph.D	Assistant Professor	Plant Physiology	7 years	1 Ph. D
Dr. Y. R.K.V. Tirupati Rao	MSc., MPhil., Ph.D	Assistant Professor (ADHOC)	Plant Physiology	23years	---

12. List of senior Visiting Fellows, Adjunct faculty, Emeritus Professor:

Prof. Z. Vishnuvardhan - Emeritus Professor

Dr. A. Satyanarayana - Adjunct Faculty

13. Percentage of classes taken by temporary faculty- program-wise information

M.Sc. Botany : 15%

M.Sc. Microbiology : -

14. Program-wise Student Teacher ratio

M.Sc. Botany : 12: 1

M.Sc. Microbiology : 12: 1

15. Number of academic support staff (technical) and administrative staff : 09

Permanent staff : 3

NMR : 6

16. Research thrust areas as recognized by major funding agencies

a) Bioactive compounds from plants and microbes

b) Legume-*Rhizobium* interactions

c) Orchid biology

d) Tissue culture and propagation

17. Number of faculty with ongoing projects from a) national b) international funding agencies and c) Total grants received, Give the names of the funding agencies, project title and grants received project- wise

S.No	Name of the Teacher	Title of the Project	Duration	Funding agency	Amount (Rs.)
1.	Prof. M. Vijayalakshmi	Mangrove Actinomycetes as a source of bioactive compounds.	2009-12	CSIR	12,26,000/-
	Prof. M. Vijayalakshmi	Isolation and Characterization of bioactive compounds from <i>Rhodococcus erythrococcus</i>	2013-16	UGC MRP	9,63,300/-
2.	Dr. G. Rosaiah	Enhancement of black gram yield in rice fallows by exploiting indigenous <i>Rhizobial</i> strains.	2011-14	UGC MRP	7, 90,300/-
3.	Dr. V. Uma Maheswara Rao	Screening and Characterization of antibacterial bioactive principle from mangrove plants of Andhra Pradesh.	2011-14	UGC-MRP	8,65,800/-

3.	Dr.K.Mallikarjuna	<i>In vitro</i> propagation and conservation, antimicrobial screening and genetic diversity analysis of a critically endangered medicinal plant <i>Strychnos wallichiana</i> Steud Ex DC.	2013-16	DST SERB FTSYS	20,92,000
4	Dr.K.Mallikarjuna	<i>In vitro</i> propagation and conservation, antimicrobial screening and genetic diversity analysis of an endangered mangrove medicinal plant <i>Xylocarpus granatum</i> .	2013-16	UGC MRP	3,05,000
5	Dr. S.Md. Khasim	Molecular and Morphological characterization of Orchids from south India.	2009-12	UGC	6,93,300/-
6	Dr. M. Raghu Ram	Molecular characterization of Rhizobial isolates from <i>Vigna trilobata</i> (L.) Verdek. Cultivars of A.P.	2010-13	UGC- MRP	13,07,284/-
7	Dr.A.Amrutha valli	Bioformulations from endophytic microorganisms against chilli anthracnose caused by <i>Colletotrichum</i> sp.” – ongoing	2011-2014	UGC- Major research project	9,14,800/-
Total Grant					Rs. 91,57,784/-

18. Inter-institutional collaborative projects received : 01

a) National collaboration:

ICAR Research Project on “ Recycling of oil palm waste through cost effective and innovative techniques “ in collaboration with Oil Palm Research Station, Pedavegi, A.P. with a cost of Rs. 17,00,000/-

b) International collaboration: Nil

19. Department projects funded by DST-FIST, UGC-SAP/CAS, DPE, DBT, ICSSR, AICTE, etc., total grant received

UGC Non- SAP : Rs. 40,00,000/-

UGC DRS SAP : Rs. 45,55,000/-

DST- FIST	: Rs. 78,00,000/-
UGC-MRPs	: Rs. 91,57,784/-
Total Grant	: Rs. 25,512,784/-

20. Research facility/ center

Through UGC, DRS, SAP laboratory, the department is extending research facility for measurement of photosynthesis, water potential, Isolation of compounds and studies on anatomical features not only for the researches of the department but also to outsiders.

21. Special research laboratories sponsored by / created by industry or corporate bodies : Nil

22. Publications:

- Number of papers published in peer reviewed journals (national / international) 213

24. Areas of consultancy : 01

Identification of plant species to pharmacy students (Free service)

25. Faculty selected nationally/ internationally to visit other laboratories/ institutions/industries in India and abroad: Nil

26. Faculty serving in

a) National committees b) International committees c) Editorial Boards d) any other (please specify) :

a) National committees Prof. M. Vijayalakshmi – Member, NAAC PEER Committee

Dr. M. Raghu Ram - Member, Advisory committee, Ministry of Arts and culture, New Delhi

b) International committees: Nil

c) Editorial Boards : Dr. V.UmaMaheswara Rao- American Journal of Marine Science,
Asian Journal of Bioscience

Dr. M. Raghu Ram- American Journal of Microbiology

d) any other (please specify) : Dr. M. Raghu Ram - Member, AP Pollution Board

27. Faculty recharging strategies (UGC, ASC, Refresher / orientation programs, workshops, training programs and similar programs:

No. of faculty completed the Refresher course : 8

No. of faculty completed the workshops : 2

28. Student projects

- Percentage Of Students Who Have Done In-House Projects Including Inter-Departmental Projects : **100%**

Student Project Is Mandatory For Both M.Sc. Botany And M.Sc. Microbiology

- Percentage Of students doing projects in collaboration with other universities industry / institute

29. Awards / recognitions received at the national and international level by:

a) Faculty : 09

S. No.	Name of the Faculty Member	Award
1	Prof.M. Vijayalakshmi	Elected as Fellow of Andhra Pradesh Academy of Sciences in 2014
2	Dr. K. Mallikharjuna	Associate Fellow 2012 Andhra Pradesh Akademi of Science
3	Dr.K. Ammani	Awarded Fellow of Biotechnological Society –Society of Biotechnology
4	Dr.K. Ammani	Award of Excellence in Environmental Microbiology-Eurasian Academy of Environmental Science-2014
5	Dr.K. Ammani	Awarded First prize for Best research paper presented in National Journal-ANU-2014
6	Dr.K.Ammani	Awarded Fellow of Botanical Society_FBS-Botanical Society of India-2013
7	Dr.K.Ammani	Awarded for Best research paper presented in International Conference-ANU-2013.
8	Dr. A.Amrutha Valli	Associate Fellow 2012 Andhra Pradesh Akademi of Science
9	Dr.V.Uma Maheswara Rao	Associate Fellow 2015 Andhra Pradesh Akademi of Science
10	Dr. S. M. Khasim	Associate Fellow 2015 Andhra Pradesh Akademi of Science
11	Dr. S. M. Khasim	Awarded First prize for Best research paper presented in International Conference ANU-2014

- Doctoral / Post doctoral fellows : Mrs. Pallavi – Research Scholar – Best Paper Presentation Awardee at National Seminar
UGC-PDF Women awards: Mrs. UshaKiranmayi, Mrs. Prabhavathi and Mrs. Chandrakala
K V Rao Memorial Young Scientist award: Mrs. Kavitha
- Students : Nil

30. Seminars / Conferences / workshops organized and the source of funding (national / international) with details of outstanding participants, if any:

UGC-SAP-DRS sponsored

NAAC Self Study Report (Cycle-3)

National Seminar on “Biodiversity and Conservation of Mangrove ecosystem in India- Present status and Future perspective” was organized during 21-22 July, 2014.

No. of participants : 142

Outstanding participants :

Dr. K. S. Varaprasad, Project Director, Directorate of Oil seeds Research, Hyderabad

Dr. R. Ramasubramanian, M.S. Swaminathan research Foundation, Chennai

Prof. M.V. Rao, Bharathidasan University, Tiruchrapalli

Prof. A. Dayanand, Gulbarga University, Gulbarga

31. Code of ethics for research followed by the departments

The department adheres to code of ethics for research as per the rules of UGC and university and the guidelines framed by board of research studies. Plagiarism check is being implemented effectively during submission of the thesis by the candidate to improve the quality of the research. The progress of research is being analyzed by conducting reviews/seminars every year.

32. Student profile programme –wise:

Name of the Programme (refer to question no. 4)	Selected		Pass percentage	
	Male	Female	Male	Female
MSc. Botany 2010-11	15	20	100	100
2011-12	18	22	100	100
2012-13	18	22	100	100
2013-14	17	25	100	100
2014-15	16	26	100	100

2011-12	9	19	100	100
2012-13	7	21	100	100
2013-14	9	15	100	100
2014-15	1	12	100	100

33. Diversity of students

Name of the Programme (refer to question no.4)	% of students from the same University	% of students from other Universities within the State	% of students from Universities outside the State	% of students from other countries
MSc. Botany	98	2	-	10
M.Sc. Microbiology	97	3	-	18

34. How many students have cleared Civil Services and Defense Service examinations, NET, SET, GATE and other competitive examinations? Give details category-wise

DRS-SAP	1
BSR-SAP	10
UGC NON-SAP	2
UGC MRP	3
RGNF	2
MANF	1
INSPIRE	3

NAAC Self Study Report (Cycle-3)

36. Diversity of staff

Percentage of faculty who are graduates	
of the same University	75 %
from other Universities within the State	20 %
from Universities from other States from	5 %
Universities outside the country	

37. Number of faculty who were awarded M.Phil., Ph.D., D.Sc. and D.Litt. during the assessment period

All the faculty members have Ph.Ds by the time of appointment

38. Present details of departmental infrastructural facilities with regard to

- a) Library : Yes
- b) Internet facilities for staff and students : Yes
- c) Total number of class rooms : 4
- d) Class rooms with ICT facility : 2
- e) Students' laboratories : 6
- f) Research laboratories : 4

39. List of doctoral, post-doctoral students and Research Associates

- a) from the host institution/university : -
Post-doctoral Students : 5
- b) from other institutions/universities : Nil

40. Number of post graduate students getting financial assistance from the University : Nil

41. Was any need assessment exercise undertaken before the development of new Programmes? If so, highlight the methodology.

No new programmes were started in recent years

42. Does the department obtain feedback from

- a) Faculty on curriculum as well as teaching-learning-evaluation? If yes, how does the department utilize the feedback?

Yes, the feedback on curriculum by faculty is obtained in Board of Studies Meeting and interaction between faculties in the department meetings. This feedback is used for up gradation of the syllabus to improve the knowledge of students as per the recent advancements.

- b) **Students on staff, curriculum and teaching-learning-evaluation and how does the department utilize the feedback?**

Yes, the feedback is taken from students about course contents and teachers in the form of questioners administered by the IQAC. Their suggestions are discussed in B.O.S meeting to cater to the needs of the students.

- c) **Alumni and employers on the programmes offered and how does the department utilize the feedback?**

Yes, the suggestions from alumni are taken during their visit to the departments. Representatives from the industries are appointed in the B.O.S; their opinion is accommodated in the curriculum design by giving priority to employability.

43. List the distinguished alumni of the department (maximum 10)

- a) M. Megharaj – Professor, Univ. of Newcastle, Australia
- b) P. Hanumantha Rao – Assoc. Professor, Texas Children’s Hospital, USA
- c) Dr.K.Sambireddy – A&M University. Texas, USA
- d) D. Laxman Reddy – Director, Darwin Laboratories

44. Give details of student enrichment programmes (special lectures / workshops/ seminar) involving external experts.:

Special lectures on recent advances in the topics were organized in the department regularly by eminent scholars from other universities and abroad.

Dr. Syamala Mruthinti (Neuro Psychiatrist) USA, visited our department on 8th April, 2014 and gave a lecture on personality development to faculty members and students.

Mr. B. Yadagiri IRS, Deputy Director, Income Tax Office, Central Zone Hyderabad, addressed the students on various aspects of competitive examinations like UPSC and cleared the doubts of students on Income Tax related problems.

Dr. D. Ravi Kiran (UK) Immunologist addressed the students on immunological disorders

Dr. N. Trimurthulu, RARS, Amaravathi addressed the students about the applications of biofertilizers.

45. List the teaching methods adopted by the faculty for different programmes.

Methods like Audio visual teaching, OHP, Green board teaching, interactive discussions with students are followed by the faculty.

46. How does the department ensure that programme objectives are constantly met and learning outcomes are monitored?

Objectives of the Programmes and Student learning outcomes are discussed and monitored

NAAC Self Study Report (Cycle-3)

through regular staff meetings in the department and necessary steps will be taken in the direction of upgradation of the department.

47. Highlight the participation of students and faculty in extension activities.

Students and staff are participating in organizing science exhibition, demonstration on the Republic day celebrations, Clean and Green programmes, AIDS awareness campaign, anti ragging campaign etc.

48. Give details of “beyond syllabus scholarly activities” of the department.

Students are regularly encouraged to participate in workshops and paper presentations in seminars/conferences.

Students actively participated in the academic exhibition and Republic day events with novel themes and secured prizes every year.

49. State whether the programme/ department is accredited/ graded by other agencies? If yes, give details. : Nil

50. Briefly highlight the contributions of the department in generating new knowledge, basic or applied.

The following are the topics on which the department has contributed knowledge:

- Isolation and Identification of potential microorganisms for the production of bioactive compounds.
- Identification and conservation of rare and endangered Mangrove plants.

51. Detail five major Strengths, Weaknesses, Opportunities and Challenges (SWOC) of the department

Strengths:

- Department has highly qualified faculty involved in active research with publications in international and national journals.
- Herbal garden with more than 500 medicinal plants.
- Department has smart classrooms and modern laboratories for students and Research scholars developed with SAP and FIST funding.

Weaknesses:

- Lack of funds for the maintenance of equipments.
- Lack of Plant herbarium and museum.

Opportunities:

- Students have the good opportunities of employment in teaching posts, research Laboratories

Challenges:

- Developing virtual class rooms to enable students to listen to lectures delivered by eminent scientists from other institutions.
- Tapping the potential of information and communication technologies in the acquisition and dissemination of knowledge.

52. Future plans of the department

- a) Improvement of the infrastructural facility in the students laboratories
- b) Establishment of botanical museum
- c) Establishment of Plant Herbarium

BIO-CHEMISTRY

1. **Name of the Department** : **Biochemistry**
2. **Year of Establishment** : 1997
3. **Is the Department part of a School/Faculty of the University?**
Faculty of University College of Sciences
4. **Names of programmes offered**
 - a) M.Sc Biochemistry,
 - b) M.Phil and
 - c) Ph.D.Besides that the department offers the following non-core papers:
 - (i) Biophysical methods.
 - (ii) General Biochemistry
5. **Interdisciplinary programmes and the departments involved**
Department of Microbiology, Botany, Zoology, Food and Nutrition, Chemistry and Biotechnology
6. **Courses in collaboration with other universities, industries, foreign institutions, etc.:** Nil
7. **Details of programmes discontinued, if any, with reason:** Nil
8. **Examination System:** Semester end with Choice Based Credit System.
9. **Participation of the department in the courses offered by other departments:** Nil
10. **Number of teaching posts sanctioned, filled and actual (Professors/Associate Professors/ Asst. Professors/ Others)**

Dr. K.Sunitha	M.Sc. Ph.D	Guest Faculty	Toxicology	08	Nil

12. List of Senior Visiting Fellows, Adjunct faculty, Emeritus professor

- Dr.SK. Shamim Basha – AP Preventive Medicines, Tirupathi
- Dr. M. Vijayasimha, Amity University, Delhi

13. Percentage of classes taken by temporary faculty- program-wise information:

M.Sc Microbiology - 50%

14. Program-wise Student Teacher ratio: 12:1

15. Number of academic support staff (technical) and administrative staff: 05

16. Research thrust areas as recognized by major funding agencies :

- Identification of markers to detect cancer at early stage
- Epigenetics
- Designing peptide mediated drugs against cancer

17. Number of faculty with ongoing projects from a) national b) international funding agencies and c) Total grants received, Give the names of the funding agencies, project title and grants received project- wise

b) Percentage of students doing projects in collaboration with other universities/ industries / institute : 20%

29. Awards / recognitions received at the National and International level by:

(a) Faculty :

Dr.P.Kiranmayi

Best poster award in UGC-DST sponsored national seminar on Trendys in Biochemistry, 17-10-2014 to 18-10-2014

Dr.Rajeswari

Recipient of the Best Poster award at the international conference B2B-2K5, 2005 held at CCMB, 2005.

Awarded Best Paper award at 36th Foundation of Acharya Nagarjuna University, Guntur for the paper entitled, 2012.

Awarded with Best Patent award at 38th Foundation day of Acharya Nagarjuna University, Guntur for the Patent entitled, “Tumor Model System Useful to Study Multistage Cancer”, No. US 8,563,306 B2, 2014.

Elected as an Associate Fellow of AP Academy of Sciences, Hyderabad-2013

(b) Doctoral/Postdoctoral fellows:

(c) Students: C.Manohari won the University Championship for Women(2013)

Abraham won the University Championship for Men (2016)

30. Seminars / Conferences / workshops organized and the source of funding (National / International) with details of outstanding participants, if any: 03

31. Code of ethics for research followed by the departments

The general code of ethics as stipulated by University will be followed for checking plagiarism. Review of the research work done by students is done on regular basis and pre talk will be conducted before submission and proper suggestions will be incorporated in the thesis. At the time of viva voce examination again verification of the thesis will be done for incorporation of corrections and suggestions as per examiner. All the experiments related to animals are being conducted as per the different guidelines and proper ethical committee clearance will be obtained before experimentation.

- f) Research laboratories : 01

39. List of doctoral, post-doctoral students and Research Associates

- a) from the host institution/university : 10 (Doctoral)
- b) from other institutions/universities : 02

40. Number of post graduate students getting financial assistance from the University: Nil

41. Was any need assessment exercise undertaken before the development of new Programmes? If so, highlight the methodology.: Nil

42. Does the department obtain feedback from

NAAC Self Study Report (Cycle-3)

a) Faculty on curriculum as well as teaching-learning-evaluation? If yes, how does the department utilize the feedback?

Yes. The feedback obtained will be discussed in the regular meetings and corrective measures will be undertaken for improving the quality of teaching.

b) Students on staff, curriculum and teaching-learning-evaluation and how does the department utilize the feedback?

Yes. At the end of each semester the feedback is collected and evaluated. The grading will be arrived at by IQAC and the teachers are advised accordingly for improvement required if any.

c) Alumni and employers on the programmes offered and how does the department utilize the feedback?

Yes. Alumni of our department regularly visit the department and the feedback given by them will be utilized for improving the quality of the performance of the department

43. List the distinguished alumni of the department (maximum 10):

1. Dr. D. Sandeep Raja, Asst Professor, Acharya NG Ranga University, Bapatla
2. Mrs. Swapna Asst Professor, Acharya NG Ranga University, Bapatla
3. Dr.SK. Shamim Basha – AP Preventive Medicines, Tirupathi
4. Dr. M. Vijayasimha, Asst. Professor, Amity University, Delhi
5. S. Manohari, SANOFI, Hyderabad
6. K. Stephen Kumar, SANOFI, Hyderabad
7. S. Sudheer – Reddy Laboratories, Hyderabad
8. SK Zaheer, Novarties Clinical Research, Hyderabad

44. Give details of student enrichment programmes (special lectures / workshops/ seminar) involving external experts.: 03

Workshops: Training is given in the Molecular Diagnosis of Tuberculosis by Using LAMP by RAS Life Sciences, Pvt., Ltd., Hyderabad.

Weekly Seminars: Organized in the department for the students to emphasize on recent development in biochemistry.

Exhibitions: Project work has been pursued by the students under the supervision of the faculty. Students exhibit the models in the field of Genetic diseases, Diagnosis and molecular biology. Recently project work is included in the curriculum of biochemistry.

45. List the teaching methods adopted by the faculty for different programmes.

- a) Class room teaching using blackboard, OHP, LCD
- b) Demonstrations
- c) Group discussions
- d) Quiz programmes

46. How does the department ensure that programme objectives are constantly met and learning outcomes are monitored?

- a) Through student feedback
- b) Evaluating the percentage of Pass
- c) Selection in national tests like CSIR, GATE, NET, ICMR fellowships

47. Highlight the participation of students and faculty in extension activities.

Student seminars, Service Orientation programs during the natural disasters

48. Give details of “beyond syllabus scholarly activities” of the department.

- a. Sending students to other universities/ National labs for Project work and for extracurricular activities
- b. Conducting the competitions among students on aspects like paper reading, seminar presentations, Personality Development Programmes, providing awareness on anti-ragging etc.
- c. Participation of students in academic exhibitions.

49. State whether the programme/ department is accredited/ graded by other agencies? If yes, give details. : Nil

50. Briefly highlight the contributions of the department in generating new knowledge, basic or applied.

Modernization of existing labs, Furnishing the seminar hall/class room with latest public audio, visual aids including LCD, Strengthening the existing Departmental library with latest text books, reference books and journals.

51. Detail five major Strengths, Weaknesses, Opportunities and Challenges (SWOC) of the department

- Faculty is positively responding to get the funds from various research funding agencies.
- A good number of research scholars are working in various fields of Biochemistry by collaborating with national institutes like IICT, CCMB and NIN

NAAC Self Study Report (Cycle-3)

- Strengthening the laboratory equipment
- Collaborative research with the industry and other national institutes and universities

Weakness:

1. Lack of sufficient Faculty to implement the advanced programmes
2. Securing the placements for the students through campus

Opportunities: Improving the consultancy services as there is vast potential for growth of hospitals and pharmaceutical industries around the New capital.

Challenges: Building the network of the alumni for improving the facilities of the department. Improvement in the employment potential of the students by making them more competitive to grab the opportunities.

52. Future plans of the department

1. To Enhance the scientific temperament and motivation
2. To Improve career betterment opportunities for students
3. To Facilitate better Inter-disciplinary research work
4. To give hands on experience suitable for scientific research positions by focusing the industrial and national need
5. To get Better interaction with industry and society
6. To initiate a Program to train the students in the industrial applicable direction

BIOTECHNOLOGY

1. **Name of the Department** : **Biotechnology**
2. **Year of Establishment** : 1994
3. **Is the Department part of a School/Faculty of the University?**

Yes, Faculty of the University

4. **Names of programmes offered**

- a) M.Sc. Biotechnology
- b) M.Sc. Nano-Biotechnology
- c) M. Tech Biotechnology
- d) M.Phil and Ph.D. Biotechnology

5. **Interdisciplinary programmes and the departments involved:** Nil

50. Briefly highlight the contributions of the department in generating new knowledge, basic or applied.

51. Detail five major Strengths, Weaknesses, Opportunities and Challenges (SWOC) of the department.

Strengths

- Faculty with strong experience in research
- The students are motivated to write scientific articles and research review papers and participate in seminars and symposia. The students are well trained both theoretically and practically during their study period.

NAAC Self Study Report (Cycle-3)

- Department of Biotechnology is making sincere efforts to consolidate its academic activity by extending its research activities by collaborating with many biotech industries and research organizations.
- Students are motivated to write scientific articles and research review papers and participate in seminars and symposia.
- Students can be trained theoretically and practically during their study period.
- Motivation can be given to the students towards environmental protection and eco-friendly maintains.

Weaknesses: Nil

Opportunities

- Unique research activities in specific areas
- Research position in National labs and premier institutes
- Post Doctoral Research position abroad

Challenges

- Rapidly increasing of institutes of offering civiler programmes
- Market trends and lake of support for placements
- Rapid changes in the know/how require faculty members to consistently improve themselves.

52. Future plans of the department

- Development of networking facility with online teaching and e-learning methods
- To develop a Centre of Excellence of Genetic diseases and Disorders
- To develop a Incubator facility with a comprehensive facility for Biotechnology Research.

a) Faculty	:	24

Prof. P. V. V. Satyanarayana

National:

1. Fellow in Indian Chemical Society
2. Received **BEST TEACHER AWARDEE** from Govt. of A.P.

Prof. B.Syamasundar (Retired in April 2012)

International:

1. Chartered Chemist- **Royal Society of Chemists, London.**
3. Member, Royal Society of Chemists, London
2. Fellow, Chemical Society, London.

National:

1. Chartered Chemist – Institution of Chemists (India)
2. Fellow, Institution of Chemists (India)
3. Fellow, Indian Chemical Society,
4. Fellow, Indian Council of Chemists
5. Fellow, Indian science congress Association
6. Council Member, Indian Chemical Society (2002- 2005)
7. Scientist-in Charge, Industrial and applied Chemistry Section, Indian Chemical Society (2006-10)

8. Received BEST TEACHER AWARD from Govt. of A.P.(2011)
9. Vice –Chancellor, Y.V.University, Kadapa, A.P.

Prof. C. Rambabu

- 1 Received BEST TEACHER AWARDEE from Govt. of A.P. (2014)

Dr. D. Ramachandran:

1. Outstanding Faculty Award – 2015, VIFFA , Chennai.
2. Fellow of Indian Council Of Chemists (ICC)
3. Member of American Association for Science and Technology (AASCIT)

Dr. Anitha C Kumar :

1. ANR- Post Doctoral Fellow, LCPO University of Boardeaux, France (15-10-2008- 09-04-2010)
2. CNRS- Post Doctoral Fellow, CRPP, University of Boardeaux (06-05-2010 to 05-05-2011)
3. Marie – Curie award research fellowship, Aston University, Birmingham,UK

Dr. R. Ramesh Raju :

1. Associate Fellow, Andhra Pradesh Akadami of Sciences -.
2. Young Scientist Award- 2010, Department of Science & Technology, New Delhi.
3. Post Doctoral Fellow, Pusan National University, South Korla (June 2006-June 2007).
4. Senior research Fellow (CSIR) New Delhi 2004-2007

30. Seminars / Conferences / workshops organized and the source of funding (national / international) with details of outstanding participants, if any: 02

1. National Seminar on NEW FRONTIERS IN CHEMICAL RESEARCH, conducted by Department of Chemistry Acharya Nagarjuna University, A.P., India, (19th Nov 2011)) , UGC sponsored Seminar, Number of participants: 185
2. National Seminar on MODERN TRENDS IN CHEMICAL SCIENCES (MTCS-2013) 20th & 21st Dec-2013 conducted by the Dept. Chemistry, ANU, in Dec, 2013), UGC sponsored, Number of participants: 210

31. Code of ethics for research followed by the departments

The department adheres to code of ethics for research as per the rules of UGC and university and the guidelines framed by board of research studies. Plagiarism check is being implemented effectively during submission of the thesis by the candidate to improve the quality of the research. The progress of research is being analyzed by conducting reviews/seminars every year.

From other institutions/universities : -

40. Number of post graduate students getting financial assistance from the University : 01

1. One of our student got the fellowship under ISPIRE programme.

41. Was any need assessment exercise undertaken before the development of new Programmes? If so, highlight the methodology.

Initially the feedback obtained from the alumni, employers is considered for commencement of a new programme. Then a series of discussions will be conducted by the faculty and board of studies for preparing the draft which will be again discussed with the employers requesting for their suggestions. It will be finally discussed in the board of studies and approved as per the university procedures. A new Post graduation program is going to introduce in department.

42. Does the department obtain feedback from

- a. Faculty on curriculum as well as teaching-learning-evaluation? If yes, how does the department utilize the feedback?

Feedback is collected from the staff which is utilized to improve the course structure from time to time.

NAAC Self Study Report (Cycle-3)

- b. Students on staff, curriculum and teaching-learning-evaluation and how does the department utilize the feedback?

The feedback from the students is collected every semester through a mechanism monitored by the IQAC on the course and faculty. This feedback is properly analyzed in order to promote better ways of improving the teaching-learning-evaluation system.

- c. Alumni and employers on the programmes offered and how does the department utilize the feedback?

To improve the quality of the education provided by the department the feedback from the alumni, parents and employers is obtained periodically is utilized.

43. List the distinguished alumni of the department (maximum 10)

S.No.	Name of the student	Degree	Placement
1	G.V.S.S.R. Sarma	M.Sc	Manager in GVK Bio Informatics, Hyd., AP
2	K.Ratnakar Reddy	Ph.D.	Manager in Hetero Drugs, Hyd.
3	P.Krishna Mohan	M.Sc.	Scintist, USA
4	Rama Satish. P	M.Sc.	ONGC, Dehradun
5	Santhosh.Ch	M.Sc.	ONGC, Rajamandry

15	J.V.Shanmukha Rao	Ph.D.	K.L.University

44. Give details of student enrichment programmes (special lectures / workshops/ seminar) involving external experts.: Nil

45. List the teaching methods adopted by the faculty for different programmes.

The faculty adopts methods like making Power point presentations, including experimental learning, seminars and interactive discussions for better teaching.

46. How does the department ensure that programme objectives are constantly met and learning outcomes are monitored?

The Department committee discusses the performance of the students regularly and makes arrangement to conduct bridge courses and student counseling for the students who have backlogs or doubts. In this way the students are regularly monitored through exams as well as through their participation in competitions, discussions, etc. These measures give a scope to judge the extent of objectives being fulfilled in designing this course

47. Highlight the participation of students and faculty in extension activities.

Faculty and students of the department participate in the Blood donation camps, NSS Camps and students participated in sports events.

48. Give details of “beyond syllabus scholarly activities” of the department.

The department organizes Student Seminars, Industrial tours for better learning and it also encourages students to participate in symposia and conferences to gain exposure. Department participates in academic exhibitions.

49. State whether the programme/ department is accredited/ graded by other agencies? If yes, give details. : Nil

50. Briefly highlight the contributions of the department in generating new knowledge, basic or applied.

- Prof.C.Rambabu and Dr.D.Ramachandran are working on the qualitative explanation of the influence of molecular structure on volumetric and thermo-acoustic properties.
- Prof.B.Kesava Rao, Dr.D.Ramachandran, Dr.B.Haribabu and Dr.R.Ramesh Raju are working on Synthesis of various biologically active anti cancer, antitumor, anti-inflammatory, anti oxidants, Compounds like flavonoids, Nortopsentin and Topsentin analogues to evaluate the biological activities of the compounds; the activity of the compounds in vivo and for acute toxicity; Improving the activity of the compounds by structural modification.
- Dr.Y.Sunandamma and Dr.M.Subba Rao are working on Analysis and validation of various active pharmaceutical ingredients (API) in single or multi dosage forms by developing new analytical assay methods using Absorption Spectroscopic [UV,UV-Visible] and chromatographic [LC-MS/MS and HPLC] techniques.

51. Detail five major Strengths, Weaknesses, Opportunities and Challenges (SWOC) of the department

Major Strengths

- Knowledgeable faculty (One of the Senior Most Faculty members Prof. P.V.V. Satyanarayana, Prof. B.Syamsundar and Prof.C.Rambabu awarded Best Teacher award by AP Govt.

NAAC Self Study Report (Cycle-3)

- Excellent curriculum
- Good Research work
- Quality research
- Good no. of publications

Weaknesses

- Lack of Infrastructural facilities
- No advanced instrumental techniques for better research
- Lack of teaching staff for specializations.

Opportunities

- Campus placements are offered in reputed industries and Educational Institutions.
- Good opportunities for students to get selected for CSIR, APSET & GATE
- Students can get employment in Govt. Organizations
- Remedial classes are conducted for SC, ST and BC students

Challenges

- To create the state of art laboratories to gear up to the increasing demands in Organic and Analytical Chemistry.
- Improving the quality of teaching by strengthening the faculty of the department.
- Strengthening the alumni support

52. Future plans of the department

Department regularly changes the academic curriculum both in theory and practicals from time to time as per the needs of developing scenario and for the competitive exams like CSIR-NET, GATE, etc. The department would like to start new specializations like M.Sc. Medicinal Chemistry, M.Sc. Physical Chemistry and M.Sc. Pharmaceutical Chemistry. The department proposed to enter into different new challenging areas along with strengthening of major thrust areas like synthesis of biologically potent drugs like anticancer, anti-inflammatory, antioxidant, etc., and study of different parameters of solvents by various approaches in which considerable progress is made by the department.

48. Give details of “beyond syllabus scholarly activities” of the department.

Participation of students in academic exhibitions and Republic day celebrations.

49. State whether the programme/ department is accredited/ graded by other agencies? If yes, give details. : Nil

50. Briefly highlight the contributions of the department in generating new knowledge, basic or applied.

Promoting research in new emerging areas

51. Detail five major Strengths, Weaknesses, Opportunities and Challenges (SWOC) of the department

Strengths:

1. We have dedicate teaching faculty members.
2. We personally take care of students as mentor and try to solve their problems so that they can focus effectively on their studies.
3. We strive for holistic growth of students.
4. We have good student-faculty interaction.
5. Good research output.

Weakness:

1. Inadequate number of faculty
2. High student-teacher ratio

Opportunities:

1. Looking forward to become a part of multidisciplinary research project of National and International level.
2. Development of appropriate laboratories to new emerging technologies

Challenges

1. 100% placement of students.
2. Growth of technical lab., Library Infrastructure and Research facility.
3. Maintain good infrastructure.

52. Future plans of the department

- Maintain strong linkages with industries and make the concept of Corporate from Campus.
- The department has plans to organize seminars and more interactions with experts from outside.

ELECTRONICS & INSTRUMENTATION TECHNOLOGY

41. Was any need assessment exercise undertaken before the development of new Programmes? If so, highlight the methodology.

No new programs were started in last five years.

42. Does the department obtain feedback from

a. Faculty on curriculum as well as teaching-learning-evaluation? If yes, how does the department utilize the feedback?

Yes, this feedback is used in periodic curriculum modification and assessment methodology

b. Students on staff, curriculum and teaching-learning-evaluation and how does the department utilize the feedback?

Yes, the consolidated feedback is circulated to the concerned staff member with suggestions of improvement if any.

c. Alumni and employers on the programmes offered and how does the department utilize the feedback?

Yes, this is also used to upgrade the syllabus.

43. List the distinguished alumni of the department (maximum 10):

1. J. Rajesh, Network Engineer, Bangalore.
2. A. Komala, doing her MS programme in Canada.
3. K. Krishna Kanth, Microsoft, Hyderabad.
4. K. Ravi, CMC, USA.
5. J. Veeranjanyulu, Testing Engineer, Anatha Technologies Pvt, Ltd., Hyderabad.
6. G.V.S. Venkatarao, HCL Ltd., Chennai.
7. A. Anil Kumar, Faculty in E&IT, ANU.

44. Give details of student enrichment programmes (special lectures / workshops/ seminar) involving external experts.: 22

The department invites distinguished academic personalities from National Labs, IITs and other premier institutions to give guest lectures and for generating collaborative research programs.

45. List the teaching methods adopted by the faculty for different programmes.

- Use of audio visual methods for class room teaching.
- Demonstration and laboratory experiments for better communication of concepts.
- Introduction of smart class rooms in which the teaching is being done by the power point presentation.

- Making the students to understand the fundamental aspects through lab practical
- Assessment and continuous monitoring of students calibre for successful completion of the given assignments through the seminars and tests.
- Preparing the final year students to go outside and stay a minimum of 3 months for their project work as a part of academic curriculum.

46. How does the department ensure that programme objectives are constantly met and learning outcomes are monitored?

- Assessment and continuous monitoring of students calibre for successful completion of the given assignments through the seminars and tests.
- Student feedback, monitoring the quality of research publications. Review during post mid semester examinations

47. Highlight the participation of students and faculty in extension activities.

- The faculty delivers lectures in UG Colleges and schools to introduce the thrust area and areas of contemporary research interest as a part of the outreach programs.
- Some of the students are enrolled in the NSS and NCC Programs and actively participate in the extension services

50. Briefly highlight the contributions of the department in generating new knowledge, basic or applied.

- The interested students are trained in the basic designing and testing of the tools and instruments.
- The students are trained for preparation and testing of the electronic circuits and projects.

51. Detail five major Strengths, Weaknesses, Opportunities and Challenges (SWOC) of the department

Strengths:

- Fully trained sufficient staff for academic activities.

NAAC Self Study Report (Cycle-3)

- High end academic curriculum which is very helpful to the students for getting jobs in their relevant fields.
- Good Infrastructure.

Weakness:

- Shortage of fully Qualified Staff
- Shortage of the Lab Infrastructure

Opportunities:

- Research positions in National labs and premier institutes
- post doctoral research positions abroad.

Challenges:

- To improve the quality of research and to be identified as one of the premier departments in Electronics & Instrumentation field

52. Future plans of the department

- 1 To strengthen the academic curriculum and to enhance the teaching learning process to make the qualifying students most competitive.
- 2 To strengthen the research groups by creating new facilities and promoting quality research programmes so that the qualifying doctoral students will find better career opportunities both in India and abroad.

31. Code of ethics for research followed by the departments

The Acharya Nagarjuna University has approved a set of research guidelines defining the code of ethics for research. The progress of work is regularly monitored and a pre-talk is required before submission and the suggestions will be incorporated in the thesis. Each thesis is evaluated by three examiners constituting one from within the state, one from outside the state and one from abroad. A viva-voce will be conducted in which clarifications are sought on the remarks made by the examiners and if the candidate answers all of them to the satisfaction of the Viva-voce committee, he is recommended for the award of Ph.D. In case of M.Phil., the thesis is evaluated by two examiners, one from within the state and one from outside the state and on the basis of the reports a viva-voce examination is conducted by the duly constituted committee and then finally the candidate will be recommended based on the reports and the performance in Viva-voce examination. A minimum of Two publications are required for each candidate to submit a Ph.D. thesis.

41. Was any need assessment exercise undertaken before the development of new programmes? If so, highlight the methodology : No

42. Does the department obtain feedback from

- a. Faculty on curriculum as well as teaching-learning - evaluation? If yes, how does the department utilize the feedback?**

Yes, the feedback is used

- In designing the syllabus
- Improve the teaching and learning evaluation

- b. Students on staff, curriculum and teaching-learning-evaluation and how does the department utilize the feedback?**

Yes, the department utilizes the feedback for improving the Academic curriculums.

- c. Alumni and employers on the programmes offered and how does the department utilize the feedback?**

Data used for improvement of quality of the department

43. List the distinguished alumni of the department (maximum 10)

1. Sri. Chitti Babu Divi, Assistant Director, Dept of Education
2. Sri. K. Ravi Sankar, , Commercial Tax
3. Sri. B. Anantha Kumar, Asst. Geologist, A.P Mineral Development
4. Sri. B. Ramasehaiah, SBI
5. Sri. Shaik Khajabi, Geologist,
6. Sri. Morampudi Kiran Kumar , South central Railway
7. Sri. Ande. Murali Krishna, IIC, Technologies LTD
8. Dr. M.N. Babu, CSS, Trivandrum
9. Dr. A. Jaya Raj, Asst, Professor, Srikakulum
10. Sri. S. MD. Shahabuddin, Jemmologist

44. Give details of student enrichment programmes (special lectures / workshops/ seminar) involving external experts.

Arranged on Granite Industry and Remote sensing applications

45. List the teaching methods adopted by the faculty for different programmes.

Class Room Teaching, Field work oriented inventory methods and Audio Visual Teaching Aids, Industrial Oriented Projects and Mining Oriented Projects. Weekly Geological Fieldwork and Surveying to Improve Students Knowledge.

NAAC Self Study Report (Cycle-3)

46. How does the department ensure that programme objectives are constantly met and learning outcomes are monitored?

- By obtaining Feedbacks from the Students and Research Scholars
- By taking opinion of Experts.
- By conducting staff meetings

47. Highlight the participation of students and faculty in extension activities.

Prof. P. Sankara Pitchaiah is the Co-ordinator of the of student counselling center, offering personality development training.

48. Give details of “beyond syllabus scholarly activities” of the department.

- a) The syllabi for various central examinations for different categories are being discussed with the students and accordingly the inputs are provided.
- b) Permission to work/visit other laboratories/ organisation to the students and scholars to work/collect information from their sources are arranged periodically.
- c) The yearend Project work submission from students is a mandatory condition to get degree.
- d) Exhibitions are conducted for public display at different platforms.

49. State whether the programme/ department is accredited/ graded by other agencies? If yes, give details. : Nil

50. Briefly highlight the contributions of the department in generating new knowledge, basic or applied.

- a) The applications of remote sensing data and GIS technology in exploration and investigation for different aspects involved in geological area are thoroughly explained and demonstrated. As a result the student is well equipped as a result he can be employed directly and able to handle tasks independently.
- b) Having Environmental geology as one of the subjects studied in the course, the student is able to co-ordinate and integrate various interdisciplinary area issues to safe guard environment while deciding for any projective actually be implemented.
- c) Sensitising students onto environmental problems and societal needs and aspirations in our nation is the ultimate goal targeted in our education system.

51. Detail five major Strengths, Weaknesses, Opportunities and Challenges (SWOC) of the department

Strengths

- Existing infrastructure and learning resources in the form of experienced faculty

- Inviting the GIS, Photogrammetry professional and mining groundwater professionals and academics.

Weakness:

- Reduction in campus recruitment and reduction in opportunities in public sector undertaking.

Opportunities

- Good rapport with Granite Industries
- Many of the Department students working in GIS and Remote sensing based organizations
- Continuous training for behavior modifications

Challenges

- Development of a Geological museum the Department as a model department for meeting the future challenges.
- Strengthening of Laboratories.

52. Future plans of the department

- Development of a Goof museum
- Skill development in resource exploration and management
- Providing consultancy in resource quality evaluation
- Development of a facility for providing information on ground water resources

MATHEMATICS

1. **Name of the Department** : **Mathematics**
2. **Year of Establishment** : 1967
(AU PG Center at Nallapadu)
3. **Is the Department part of a School/Faculty of the University?**
Yes, Faculty of the University
4. **Names of programmes offered**
 - a) PG,
 - b) M.Phil.,
 - c) Ph.D.
5. **Interdisciplinary programmes and the departments involve:** Nil
6. **Courses in collaboration with other universities, industries, foreign institutions, etc. :** Nil
7. **Details of programmes discontinued, if any, with reason**
M.Sc. (Application Oriented Mathematics) Lack of preference by students
8. **Examination System:** Semester end with Choice Based Credit System.
9. **Participation of the department in the courses offered by other departments**
Members of this department are participating in teaching a few papers in the courses offered by Engineering College, ANU.
10. **Number of teaching posts sanctioned, filled and actual (Professors/Associate Professors/ Asst. Professors/ Others)**

41. Was any need assessment exercise undertaken before the development of new programme(s)? If so, highlight the methodology.

The department is one of the oldest departments in University to start the PG programme. Based on the requirements and change of technology, new courses are designed and introduced.

42. Does the department obtain feedback from

a. Faculty on curriculum as well as teaching-learning - evaluation? If yes, how does the department utilize the feedback?

Yes,

- Collect the feed back
- Analyze the data
- Placed before the committee

b. Students on staff, curriculum and teaching-learning-evaluation and how does the department utilize the feedback?

Students on staff – every academic year feedback is obtained by the IQAC and the findings are communicated to the faculty individually every year. The feedback is utilized to modify the teaching learning process to suite the student needs. Need based changes are also being brought into the curriculum in the Board of Studies from time to time.

c. Alumni and employers on the programmes offered and how does the department utilize the feedback?

Appropriate measures are taken to implement the suggestions given by the alumni and employers based on the viability and necessity.

43. List the distinguished alumni of the department (maximum 10)

- 1) Prof. G. Koteswara Rao (Retd.), Principal, University College, ANU
- 2) Prof. Y. Venkateswara Reddy (Retd.), Special Officer, I/c Registrar, ANU
- 3) Prof. M. Krishna Murthy (Retd.) Department of Mathematics, Andhra Univ.
- 4) Prof. Leela Ratnam, Department of Mathematics, Padmavathi Mahila University
- 5) Prof. P. Koteswara Rao (M.Sc:1978-1980), Department of Commerce, ANU.
- 6) Prof.. K. Syamprasad (M.Phil:1998,Ph.D:2000), Manipal University, Karnataka
- 7) Dr. T.V. Pradeep Kumar (M.Phil:1998, Ph.D:2008), ANU College of Engg.
- 8) Dr. D. Nagaraju (M.Phil:2004,Ph.D:2009), Associate Professor, Manipal University, Jaipur.
- 9) Dr. Y. Pragathi Kumar (Ph.D: 2012), College Of Natural and Computational Sciences, AdigratUniversity, Ethiopia.
- 10) K. Ram Koteswarao (Ph.D: 2013), Geetham University, Hyderabad.
- 11) G.N.V.Kishore (Ph.D: 2012), K.L. University, Vaddeswaram.

44. Give details of student enrichment programmes (special lectures / workshops/ seminar) involving external experts.

The Department of Mathematics has been conducting (i) remedial classes to slow learners, (ii) student seminars, (iii) The Department Participating in Science exhibition organizing by University and students, scholars and teachers celebrating srinivasa Ramanujam birth anniversary.

45. List the teaching methods adopted by the faculty for different programmes.

Regular class room teaching with chalk and board, seminars, assignments etc. are the regularly used teaching methods.

NAAC Self Study Report (Cycle-3)

46. How does the department ensure that programme objectives are constantly met and learning outcomes are monitored?

Through teaching, learning & evaluation activity followed by curriculum & syllabus revision.

47. Highlight the participation of students and faculty in extension activities.

Students periodically participate in the cultural and technical activities conducted by the University as well as by other colleges within the state.

48. Give details of “beyond syllabus scholarly activities” of the department.

Activities such as exhibitions, seminars are held related to Mathematics and its development.

Prof. Bhavanari Satyanarayana writing general articles for the education development of the Society.

- 1) Wrote 29 articles in different periodicals including “Science promoter” published by CSIR, New Delhi.
- 2) Wrote 49 mathematical (one page articles) in the News paper “Visalandra”.
- 3) Wrote 25 mathematical (one page articles) in the periodical “Samskruthi Vaibhavam”.

49. State whether the programme/ department is accredited/ graded by other agencies? If yes, give details. : Nil

50. Briefly highlight the contributions of the department in generating new knowledge, basic or applied.

1. Several products of the Department established their credentials as good researchers in reputed institutions such as Andhra University, Padmavathi Mahila University, Manipal University, Sri Chandra Shekara Sarswathi Maha Visva Vidyalaya.
2. Three of Major Research Projects sanctioned by the UGC were successfully completed by the teachers of the Department.
3. Several teachers in recognition of their research output, are being invited by various Mathematical Associations and Universities in and outside India for delivering talks at National and International Symposia, Conferences, Seminars and Refresher Courses. One of our staff member selected under categories Indian Scientist (2003) & Sr. Scientist (2005) by Hungarian Academy of Sciences to do joint Research work with world famous algebraists.
4. This department is well known for its contributions in teaching and research, so far above 400 articles have been published from this department since its inception..
5. The Department has been recognized by the UGC as center for conducting Refresher courses in Mathematics for University and College teachers and successfully conducted eleven refresher courses since 1995.

6. The number of papers published in national and international journals 199.
7. The number of Ph.D's produced 11 in last five years.
8. M.Sc. Mathematics course was introduced under Distance Education mode during the academic year 2003-04.

51. Detail five major Strengths, Weaknesses, Opportunities and Challenges (SWOC) of the department

Strengths

- Unity, Discipline, Punctuality, sincerity, knowledge.
- Research specialization in number of thrust areas.
- Ability to coordinate inter disciplinary, inter departmental and inter institutional research activities.

Weakness

- Shortage of permanent faculty, space and computer lab

Opportunities

- To mould students to take up their career in academics and drive them to pursue research.

Challenges

- To improve the quality of the students and to motivate and prepare them to write qualifying examinations such as GATE and CSIR(NET) for achieving higher status in academia.
- Guiding the network of alumni.

52. Future plans of the department

- To Apply for SAP assistance for financial support for development activities.
- To teach Specializations (to cater the needs of the society) if the necessary teaching staff and accommodation were provided.

NANOTECHNOLOGY

1. **Name of the Department** : Nanotechnology
2. **Year of Establishment** : 2008
3. **Is the Department part of a School/Faculty of the University?**
Faculty of Physical Sciences
4. **Names of programmes offered**
MSc Nanotechnology (5 years Integrated PG Programme).
Besides the department is offering the following non-core papers under CBCS pattern
 - (i) History of Physics
 - (ii) Modern concepts of Physics.
5. **Interdisciplinary programmes and the departments involve**
The course is Interdisciplinary and the departments involved are Physics, Chemistry, Mathematics, Computers.
6. **Courses in collaboration with other universities, industries, foreign institutions, etc. :** Nil
7. **Details of programmes discontinued, if any, with reason:** Nil
8. **Examination System:** Semester end with CBCS.
9. **Participation of the department in the courses offered by other departments**
Faculty of our department is taking class in the Department of MBA (IB) and Electronic & Instrumentation (USIC).
10. **Number of teaching posts sanctioned, filled and actual (Professors/Associate Professors/Asst. Professors/ Others)**

40. Number of post graduate students getting financial assistance from the University : Nil

41. Was any need assessment exercise undertaken before the development of new Programme (s)? If so, highlight the methodology. :

No new programme was started.

42. Does the department obtain feedback from

a. Faculty on curriculum as well as teaching-learning-evaluation? If yes, how does the department utilize the feedback?

This feedback is used in periodic curriculum modification and assessment methodology

b. Students on staff, curriculum and teaching-learning-evaluation and how does the department utilize the feedback?

Yes: The consolidated feedback is circulated to the concerned staff member with suggestions of improvement if any

c. Alumni and employers on the programmes offered and how does the department utilize the feedback?

Yes. This is also used to upgrade the syllabus

43. List the distinguished alumni of the department (maximum 10):

1. M.S. Srinivas Babu-doing Ph.D in Taiwan
2. K. Srikanth –doing PhD in Israil
3. Kota V M K Kireeti – doing PhD in ICT - Mumbai
4. M. Sirisha – Project fellow at IICT-Hyderabad
5. N Prudvi Raju – doing Ph D in Gujarat Central University
6. K Madhuri – DST-INSPIRE JRF
7. V Radha – ANDHRA BANK PO
8. A Upendra – doing Ph D in France
9. K Dheeraj – doing MS in USA
10. K K C Sathish Babu- doing Ph D in North Korea

44. Give details of student enrichment programmes (special lectures / workshops/ seminar) involving external experts.:

The department had conducted workshops to empower the students with knowledge of research. We also conduct special lectures with eminent professors to impart more knowledge to the student community. The following are the list of people who visits our department regularly.

1. Dr. Ch. Subrahmanyam, Dept. of Chemistry, IIT Hyderabad

2. Dr. Srikanth, DRDO-Hyderabad
3. Dr. J. Siva Rama Krishna, Dept. of Engineering and Technology, IIT Hyderabad
4. Prof. K. Ramji, Dept. of Mechanical Engineering, Andhra University, Visakapatnam
5. Prof. C. K. Jayasankar, Dept. of Physics, Sri Venkateswara University, Tirupati

45. List the teaching methods adopted by the faculty for different programmes.

We have green board teaching. The department is having one smart class room where LCD projector and internet were provided for best teaching technologies. The department is also having one IQ board for the state-of-the-art teaching technology. We have one computer lab equipped with head phones for listening to the e-classes. The department is also provided with Wi-Fi to enable the students to access the NPTEL classes and other online classes to gain more knowledge.

46. How does the department ensure that programme objectives are constantly met and learning outcomes are monitored?

Student feedback, monitoring the quality of research publications. Review during post Mid semester examinations

47. Highlight the participation of students and faculty in extension activities.

The department is constantly striving to get the best output of knowledge among the stakeholders. Our students were encouraged to apply for summer and academic projects in IITs, Central universities and other national research institutions. We have 100% selections for academic projects which span for 6 months. Also every year 2 to 3 students get summer projects like, Indian Academy of Science, JNCASR, Plasma research institute. The experience that students get through these projects will help them to gain more knowledge in research and will lead them choosing research career.

48. Give details of “beyond syllabus scholarly activities” of the department.

Some of the students are being nominated for workshops conducted by National laboratories to provide interaction with the scientists working in the respective fields. A student operated reading room for 24 hour access to text books, magazines and newsletters. Participation of students in academic exhibitions.

49. State whether the programme/ department is accredited/ graded by other agencies? If yes, give details. : Nil

50. Briefly highlight the contributions of the department in generating new knowledge, basic or applied.

The department is constantly striving to get the best output of knowledge among the stakeholders. Our students were encouraged to apply for summer and academic projects in IITs, Central universities and other national research institutions.

NAAC Self Study Report (Cycle-3)

We have 100% selections for academic projects which span for 6 months. Also every year 2 to 3 students get summer projects like, IAS, JNCASR, Plasma research institute. The experience that students get through these projects will help them to gain more knowledge in research and will lead them choosing research career.

51. Detail five major Strengths, Weaknesses, Opportunities and Challenges(SWOC) of the department

Strengths:

1. The department is getting very motivated students who are constantly improving their knowledge through this programme.
2. Our students are being selected for national level summer projects every year.
3. Our students got foreign PhD admissions every year.
4. Faculty is participating in various National and International Seminars and communicating with Eminent Scientists throughout the world which enrich the knowledge of current research.

Weaknesses:

1. Lack of sufficient number of Faculty Members
2. Lack of Financial Assistance
3. No promotion under departmental developmental programs.

Opportunities:

1. Nanotechnology has already got some remarkable applications to human life and the research on it is developing every day. In this context, the need of the course is very essential and we need to grab those students who are inspired and interested to learn nanoscience and technology.

52. Future plans of the department

- To strengthen the academic curriculum and to enhance the teaching learning process to make the qualifying students most competitive
- To strengthen the research groups by creating new facilities and promoting
- Quality research programmes so that the qualifying doctoral students will find better career opportunities both in India and abroad.
- To establish an advanced Nanotechnology laboratory for synthesis of nanomaterials

PHYSICS

1. **Name of the Department** : **Physics**

41. Was any need assessment exercise undertaken before the development of new Programmes?
If so, highlight the methodology.

No new programmes are started.

NAAC Self Study Report (Cycle-3)

42. Does the department obtain feedback from

- a. **Faculty on curriculum as well as teaching-learning - evaluation? If yes, how does the department utilize the feedback?**

Once in five years, the curriculum is revised after getting feedback from faculty members in various subject domains and experts from the industry.

- b. **Students on staff, curriculum and teaching-learning-evaluation and how does the department utilize the feedback?**

Feedback forms are obtained from each student for each subject at the end of every semester and are summarized on the scale (0 to 3). This summary is tabulated and discussions are made in the department meeting at the beginning of every semester.

- c. **Alumni and employers on the programmes offered and how does the department utilize the feedback?**

Yes. Based on the alumni feedback, guest lecturers/seminars are arranged for the students to gain knowledge in the recent technologies.

43. List the distinguished alumni of the department (maximum 10):

S.No.	Name of the Alumni	Dept./ organisation
1.	Prof.VRK Murthy	IIT, Chennai
2.	Dr.J.Satyanarayana	I.A.S- Govt. of AP (IT)
3.	Prof.T.F.Sundar Raj	JACKSON State Univ., USA
4.	Dr.A.Ramachandra Prabhu	OMAN
5.	Dr.S.S.N.Murthy	JNU, New Delhi
6.	Prof.K.Chadra Mouli	AU, Visakhapatnam
7.	Sri. S. Sankar Sastry	Govt. of India- Solar Energy
8.	Dr.V.Srinivas	IIT, Chennai

44. Give details of student enrichment programmes (special lectures / workshops/ seminar) involving external experts.

S.No	Title of the Spl. Lecturer	Details of the experts
1.	NLO and Spectral Elipsometry	Prof. Michal Piasecki (Poland)
2.	Journal Physics	S.Madhu, IASE, Bangalore
3.	Nature of Light	Sri B. Prasada Rao, IG. ACP, Govt. of AP
4.	General Talk	C.P.Kothiyal, BARC Mumbai
5.	General Physics	Maria Clara, Lisbon
6.	General	Prof. D. Narayana Rao, UOH, Hyd.

45. List the teaching methods adopted by the faculty for different programmes.

- a) White board
- b) OHP presentation
- c) PPT presentation
- d) Interactive / assignment session
- e) Tutorial
- f) Practicals

46. How does the department ensure that programme objectives are constantly met and learning outcomes are monitored?

- 1) Continuous feedback from students
- 2) Constant monitoring
- 3) Result of internal examination
- 4) Assignments and Projects

47. Highlight the participation of students and faculty in extension activities.

- Students are encouraged to present seminars as part of their theory classes so that they would be stimulated to search for additional information to improve their self-learning ability.
- Students are motivated to participate in various state and National level technical seminars/conferences.
- International conference was conducted to promote research activities.
- Environmental awareness programmes.
- Extension activities such as NSS, NCC etc.
- Students participate in Youth festival in an outside University.

48. Give details of “beyond syllabus scholarly activities” of the department.

Some of the students are being nominated for workshops conducted by National laboratories to provide interaction with the scientists working in the respective fields.

Students/Research Scholar are participated in Summer Schools/winter schools conducted by Universities/Central Institutes.

Participation of students in academic exhibitions and Republic day celebrations.

49. State whether the programme/ department is accredited/ graded by other agencies? If yes, give details. : Nil

50. Briefly highlight the contributions of the department in generating new knowledge, basic or applied.

- a) The Department has done significant research work in the areas of EPR and NQR Spectroscopy.

NAAC Self Study Report (Cycle-3)

- b) The department is a pioneer in preparation and characterization of liquid crystals, Glasses and Glass Ceramics.
- c) The department has earned a name for itself in the novel synthesis of Nano Materials for solid state lightening devices.
- d) Established separate UGC-DRS, SAP, DST-FIST Laboratories and extended facilities to other researchers free of cost.

51. Detail five major Strengths, Weaknesses, Opportunities and Challenges(SWOC) of the department

Strengths

- Faculty with strong experience in research
- Continuous and transparent evaluation system imparting Choice Credit System.
- Emphasis on innovative research and publication in high impact factor International Journals.

Weakness:

- Lack of insufficient space

Opportunities

- Unique research activities in specific areas
- Research position in National labs and premier institutes
- Post Doctoral Research position abroad
- Collaborations with foreign Universities

Challenges

- Mushrooming of institutes of offering civiler programmes
- Market trends and lack of support for placements
- Rapid changes in the know/how require faculty members to consistently upgrade themselves.

52. Future plans of the department

- Department plans to strengthen the existing course by innovative and modern teaching methods.
- Department aspires to play a key role so as to enable the institution to be identified as a “University with potential for Excellence” in the near future.
- Department plans to be part of collaborate flash MOU’S with premier nationals/international organizations so as to enhance the global visibility.
- Department proposes to develop research in inter disciplinary areas and faculty members will put efforts to get projects of that nature and initiate research.

STATISTICS

1. **Name of the Department** : **Statistics**
2. **Year of Establishment** : **1980**
3. **Is the Department part of a School/Faculty of the University?**

Faculty of University College of Sciences

4. **Names of programmes offered**

Courses offered as Two Streams each at PG and Research Level

- **PG Level**

1. M.Sc.,Statistics
2. M.Sc.,Statistics - Quality, Reliability and Operations Research

- **Research Level**

1. M.Phil. in Statistics (Full-Time & Part-Time)
2. Ph.D. in Statistics (Full-Time & Part-Time)

Besides, the department offers the following non-core papers under CBCS pattern.

- (i) Descriptive Statistics (ii) Inferential Statistics.

5. **Interdisciplinary programmes and the departments involved:** Nil
6. **Courses in collaboration with other Universities, Industries, Foreign institutions, etc.**
 - The Department of Statistics has collaboration with Eastern Africa Statistical Training Centre (EASTC), Tanzania for offering Ph.D. Program in Statistics at EASTC, Tanzania w.e.f. the academic year 2015-2016.
 - Four (4) International research scholars from Tanzania have joined in the department for their Ph.D. work
7. **Details of programmes discontinued, if any, with reason:** Nil
8. **Examination System:** Semester end with CBCS.
9. **Participation of the department in the courses offered by other departments**
Yes, faculty of the department involved in teaching in other departments like
 - Food & Nutritional Sciences
 - MBA

41. Was any need assessment exercise undertaken before the development of new Programme (s)? If so, highlight the methodology.

No new programmes are started.

42. Does the department obtain feedback from

- a. Faculty on curriculum as well as teaching-learning - evaluation? If yes, how does the department utilize the feedback?**

Yes, the department,

- Collect the feed back
- Analyze the data
- Placed before the committee

- b. Students on staff, curriculum and teaching-learning-evaluation and how does the department utilize the feedback?**

Yes, the collected data from feedback from students will be used to taken measures accordingly.

- c. Alumni and employers on the programmes offered and how does the department utilize the feedback?**

Yes, the feedback taken from alumni and analyzed data is used for improvement of the department.

43. List the distinguished alumni of the department (maximum 10):

1. B.Rama Mohan Rao - Researcher in U.S.A.
2. D. Ashok - Software Engineer, U.S.A.
3. A.S. Dixit - Software Engineer, U.S.A.
4. K. Krishna Prasad - Software Engineer, U.S.A.
5. K. Sridhar - Software Engineer, U.S.A
6. P.S.Subramanyam - APPSC – Administrative Service
7. Dr.G.Srinivasa Rao - Professor of Statistics, Dilla University, Dilla, Ethiopia
8. S.Krishnaiah- Statistician - L.V.Prasad Eye Institute, Hyderabad.
9. J. Siva Srinivasu - M.R.O., Machilipatnam
10. Ch.Chandrasekhar - Manager, Clinical Data Management & Biostatistics Medical Affairs and Clinical Research, Gurgaon.

44. Give details of student enrichment programmes (special lectures / workshops/ seminar) involving external experts.

- Prof. J. S. Rao, University of California, Delivered lectures for two days as part of 34th Statistics Student's Day celebrations, ANU 9-12-2014.

- Prof. B.K.Sinha, Indian Statistical Institute, Kolkata, Delivered Special Lectures For National Workshop On Design of Experiments and Operations Research December 8th And 9th 2011.
- Students seminars are conducted every year and students are encouraged to present papers.
- Training programs on Data Analysis using Statistical Packages are organized every year for students.
- Students were involved in consultancy projects done by the department.

45. List the teaching methods adopted by the faculty for different programmes.

- Class room teaching using ICT Method
- Question Based Interactive method of teaching
- Class room seminars
- Continual evaluation through class room based surprise tests
- Discussing with students at the end of every class

46. How does the department ensure that programme objectives are constantly met and learning outcomes are monitored?

The department faculty and students have participated the following extension activities during the last five years:

- Blood Donation camps
- Swacha Bharat
- The students are participating in Sports and NSS programmes.
- Statistical Training Programmes
- Conducted training programmes in various Industries
- Science Exhibition organized in Acharya Nagarjuna University
- ISPS Project work competition
- Memberships: ISPS
- Participation in Republic Day Parade exhibiting departments Statistical exhibits

47. Highlight the participation of students and faculty in extension activities.

- Continuous feedback from students
- Constant monitoring
- Result of internal examination
- Assignments and Projects
- Group discussions with faculty

48. Give details of “beyond syllabus scholarly activities” of the department.

- Giving Statistical problems to students as case study
- Technical quiz, group discussion, event exhibition
- Competative awareness programme, Encouraging students to competitions and paper presentation in the conferences.

49. State whether the programme/ department is accredited/ graded by other agencies? If yes, give details. : Nil

50. Briefly highlight the contributions of the department in generating new knowledge, basic or applied.

Several Theoretical tools & techniques developed in Reliability Estimation, Response Surface Methods and Operations Research. Several Computational Packages were developed which are not available in any statistical package. The work done by the faculty has been referred in various Journals & International level text books.

51. Detail five major Strengths, Weaknesses, Opportunities and Challenges (SWOC) of the department

Strengths

- Expertise in any type of Analysis of Data.
- Department equipped with a computer lab.
- Course includes Computer related papers, useful for promoting research
- The Department has latest teaching equipment in the Class rooms such as Interactive panels.

Weakness:

- Unable to find 100% placement in Campus selections.
- Most of the students are coming from the of Telugu medium background.

Opportunities

- The Department of Statistics has a computer Lab with 25 computers which are very much useful to the students to make practice on them.with a latest “R-Software & Language” which is very useful to our students in System analysts.
- In the Department has a seminar hall with Interactive panel and LCD projector.
- In the M.Sc., Statistics course necessary Mathematical Background to the students is provided.
- Regular Seminars to all the students in all the Papers.
- Growing demand for Statistical consultancy services

Challenges

- Employability of students, as there is demand for Statistics Subject in almost all fields.
- Inadequate Computer Lab facilities in the Department.
- Catching with changes at the global level in respect of curriculum and teaching environment
- Training of students from poor academic background
- Developing students with employability skills
- Promoting research at international standards

52. Future plans of the department

- Department plans strengthen the existing course by innovative and modern teaching methods.
- Introduce innovative programmes in teaching and research by developing interdepartmental and interdisciplinary programmes.
- Department aspires to play a key role so as to enable the institution to be identified as a **“University with potential for Excellence”** in the near future.
- Department plans to be part of Collaborate with premier nationals/international organisations so as to enhance the global visibility.
- Department propose to develop research in inter disciplinary areas and faculty members will put efforts to get projects of that nature and initiate research.

ZOOLOGY & AQUACULTURE

1. **Name of the Department** : **Zoology & Aquaculture**
2. **Year of Establishment** : 1967
3. **Is the Department part of a School/Faculty of the University?**
Faculty of University College of Sciences
4. **Names of programmes offered**
M.Sc. Zoology; M.Sc. Aquaculture; M.Phil. & Ph.D.
Besides our department is offering the following Non Core papers under CBSC pattern
M.Sc. Zoology: 1. Concepts of animal science, 2. Applied Zoology
M.Sc. Aquaculture : 1. Aquaculture – An Entrepreneurship Approach
2. Aquaculture Management
5. **Interdisciplinary programmes and the departments involved:** Nil
6. **Courses in collaboration with other universities, industries, foreign institutions, etc. :** Nil
7. **Details of programmes discontinued, if any, with reason:** Nil
8. **Examination System:** Semester with CHOICE Based Credit System.
9. **Participation of the department in the courses offered by other departments**
Yes, Faculty of the Department are involved in teaching and research in courses like M.Sc. Biotechnology, M.Tech Biotechnology, M.Sc. Environmental Sciences and M.Sc. Biochemistry.
10. **Number of teaching posts sanctioned, filled and actual (Professors/Associate Professors/ Asst. Professors/ Others)**

Designation	Sanctioned	Filled	Actual (including CAS & MPS)
Professor	03	---	1
Associate Professors	04	---	---
Asst. Professors	08	08	8
Others Asst. Professor (C)	--	01	1

11. Faculty profile with name, qualification, designation, area of specialization, experience and research under guidance

Name	Qualification	Designation	Specialization	No. of years of experience	No. of Ph.D/ M.Tech. students guided for last 5 years
Prof. Y. Ranga Reddy	M.Sc., Ph.D.	Professor Emeritus	Taxonomy & Biodiversity of Micro-crustaceans	36	4 – Ph.D.
Prof. KRS Sambasiva Rao	M.Sc., Ph.D., D.Sc.	Professor	Biotechnology & Toxicology	28	7 – Ph.D.
Dr. K. Veeraiah	M.Sc., M.Phil Ph.D.	Assistant Professor	Physiology & Toxicology	13	3 – Ph.D. 1 – M.Phil.
Dr. P. Padmavathi	M.Sc., M.Phil Ph.D.	Assistant Professor	Aquaculture, Biodiversity & Limnology	11	3 – M.Phil.
Dr. P.V. Krishna	M.Sc., Ph.D.	Assistant Professor	Parasitology& Aquaculture	11	6 – Ph.D. 1 – M.Phil.
Dr. G. Simha chalam	M.Sc., M.Phil &Ph.D.	Assistant Professor	Biodiversity& Molecular Biology	11	1 – Ph.D. 4 – M.Phil.
Dr. K. Sumanth Kumar	M.F. Sc., Ph.D.	Assistant Professor	Aquaculture & Fisheries Science	11	1 – M.Phil.
Dr. K. Sunita	M.Sc., Ph.D.	Assistant Professor	Parasitology& Immunology	11	3 – M.Phil.
Dr. V. Venkata Rathnamma	M.Sc. , Ph.D.	Assistant Professor	Toxicology	11	1 – Ph.D.
Dr. M. JagadishNaik	M.Sc., Ph.D.	Assistant Professor	Environmental Biology, Physiology & Sericulture	11	1 – Ph.D.
Dr. N. Gopala Rao	M.Sc., Ph.D.	Assistant Professor -Contract	Limnology & Fisheries	11	1 – Ph.D.

12. List of senior Visiting Fellows, Adjunct faculty, Emeritus professor:

Emeritus Professor:

1. Prof. Y. Ranga Reddy

Visiting Fellows:

1. Dr. SSS Sarma, National Autonomous University of Mexico, Mexico
2. Dr. Nandini Sarma, National Autonomous University of Mexico, Mexico
3. Dr. P. Ananda Kumar, NRCPB, Indian Agricultural Research Institute, New Delhi
4. Dr. Oyebola O. Olusegun, Department of Aquaculture and Fisheries Management, University of Ibadan, Ibadan, Nigeria(19.5.2014 to 2.7. 2014)
5. Dr. Uppala Radhakrishna, Beaumont Hospital, Royal Oak, Michigan, USA.

13. Percentage of classes taken by temporary faculty- program-wise information

- M.Sc. Zoology : 11%
- M.Sc. Aquaculture : 11%

14. Program-wise Student Teacher ratio

- M.Sc. Zoology : 9:1
- M.Sc. Aquaculture : 6:1

15. Number of academic support staff (technical) and administrative staff :

Technical = 0, Administrative Staff = 3

16. Research thrust areas as recognized by major funding agencies :

- Biodiversity
- Aquaculture
- Aquatic Toxicology
- Immunology

17. Number of faculty with ongoing projects from :

- a) National
- b) International funding agencies and
- c) Total grants received, Give the names of the funding agencies, project title and grants received project- wise

a) National Projects

S.No.	Title of the Project & Faculty involved	Funding Agencies	Total grants received (Rs. in lakhs)	Duration
1	Prof. Y. Ranga Reddy Hyporheic biodiversity of peninsular India with special reference to Parastenocarididae (Crustacea:Copepoda: Harpacticoida)	UGC	2,00,000/-	2010-12
2	Prof. Y. Ranga Reddy & Prof. KRS Sambasiva Rao Biodiversity of subterranean ground waters of India with special reference to Copepoda & Bathynellacea (Crustacea).	DST	29,23,000/-	2008-11
3	Prof. Y. Ranga Reddy Biodiversity of Indian caves, with special reference to Copepoda & Bathynellacea (Crustacea).	DST	22,98,000/-	2012- 15
4	Prof. KRS Sambasiva Rao Studies on Isolation, Cloning and Production of Industrially important cold adaptive Enzymes from Marine Extremophiles	DBT	20,67,000/-	2010-13
5	Prof. KRS Sambasiva Rao Analysis and Production of a constructed multifunctional chimeric thrombolytic therapeutic molecule	UGC	11,00,000/-	2010-13
6	Prof. V.VivekaVardhani Analysis of serum immunoglobulins and histopathology of liver, brain and lymph nodes of mice during allergic reactions caused by ancylostomiasis	UGC	8,46,400/-	2010-13
7	Dr. K. Veeraiah Establishment of Animal Health and Environmental Management Laboratory	National Fisheries Development Board (NFDB)	56,00,000/-	2014-17

23. Details of patents and income generated

1. Krishna Kanth Pulicherla and K.R.S.Sambasiva Rao An Indian patent was filed on a “Novel Fusion Protein Molecule” (Apl. No. 3001/CHE/2007, 17/12/2007).
2. KK Pulicherla, Ramakrishna GVS, Anmol Kumar and K.R.S. Sambasiva Rao. “An improved process for the production of *E. coli* compatible multifunctional staphylokinasevariant for effective thrombolytic therapy with reduced reocclusion activity”. File No.:2691/CHE/2011, dt.05/08/2011.
3. KK Pulicherla, Mrinmoy Ghosh, P. Suresh Kumar and K.R.S. Sambasiva Rao. “Production of a cold active β -Galactosidaese from a novel marine Psychrophilic Thalassospira Species and an improved process to increase its yield for industrial use thereof”. File No.:2772/CHE/2011, dt.12/08/2011.
4. KK Pulicherla, M. Srinivaa Rao, Anmol Kumar, K. Seetharam and KRS Sambasiva Rao; Novel StaphylokinaseVariant with improved pharmacokinetics and reduced immunogenicity” File No.: 4317/CHE/2011.
5. KK Pulicherla and KRS Sambasiva Rao. “Engineered staphylokinase targeting blood brain barrier for effective blood clot dissolution. File No.: 4318/CHE/2011.

24. Areas of Consultancy

- Free consultancy has been provided to the Aquaculture farmers of the Coastal Andhra Pradesh in different culture practices of fish and shell-fish such as water quality management, feed management, disease management as well as sustainable production of fish and shrimp.
- Free Consultancy on honorary basis to SPC Biotech Private Limited, Hyderabad in handing the projects related to Biopolymers and Biofuels with eco-friendly nature
- Free Consultancy on honorary basis to BMR Industries Pvt Ltd., Nellore in handling the projects related to Hatchery and Farm management
- Free Consultancy on honorary basis to Alpha Hatcheries Pvt. Ltd., Nellore in handling the projects related to Hatchery management

25. Faculty selected nationally/ internationally to visit other laboratories/ institutions/industries in India and abroad

: 01

Prof. KRS Sambasiva Rao

- Visited and worked as an Adjunct faculty at INDICASAT, Republic of Panama during October, 2010, during April-May, 2011, 2012 and 2013.
- Visited as a member of Committee deputed by ANU for academic collaboration with Institutes and Universities in Tanzania and Ethiopia during 2014-15

26. Faculty serving in

a) National committees : 26

Name	National committees	Type of membership
Prof. K R S Sambasiva Rao	• NAAC Assessor for various Universities and colleges	• Member, Member Secretary
	• UGC Subject Expert in Zoology	• Subject Expert
	• Framing syllabus under CBCS pattern for BSc course	• Convener
	• Andhra Pradesh Akademi of Sciences	• Hon. Secretary

41. Was any need assessment exercise undertaken before the development of new Programmes? If so, highlight the methodology.

No new programmes are started in recent years.

42. Does the department obtain feedback from

- a) faculty on curriculum as well as teaching-learning-evaluation? If yes, how does the department utilize the feedback?**

Yes. The feedback on curriculum by the faculty is being utilized for improving the quality and standard of the student performance.

- b) Students on staff, curriculum and teaching-learning-evaluation and how does the department utilize the feedback?**

Yes. The feedback is being utilized for enhancing and updating the curriculum keeping the latest changes in syllabi and for self-analysis of individual teachers.

- c) Alumni and employers on the programmes offered and how does the department utilize the feedback?**

Yes. The feedback is used to improve the job opportunities of the students passing out of the department.

43. List the distinguished alumni of the department (maximum 10)

1. Sunder Sekhar J (Retd) IAS, Principal Secretary to West Bengal Govt.
2. Sasikala K, Forensic Scientist, Maryland State Police, Forensic Sciences Division, Pikesville, Maryland, USA

44. Give details of student enrichment programmes (special lectures / workshops/ seminar) involving external experts.

Guest lectures by subject experts from other Universities and Institutes are being arranged whenever possible. Student Counseling for Personality Development & Counseling for Solutions were conducted by Psychologists.

45. List the teaching methods adopted by the faculty for different programmes.

Black Board teaching, LCD, OHP, Audio/Video lessons, Group discussion

46. How does the department ensure that programme objectives are constantly met and learning outcomes are monitored?

Group discussions with faculty, feedback from students and research scholars

47. Highlight the participation of students and faculty in extension activities.

1. Guidance to aqua farmers on best management practices for getting profitable yields in culture ponds
2. Advice industries on pollution control strategies
3. Advice the aqua farmers on water quality and disease management in fish and shrimp culture ponds.
4. As lab-to-land programme, the department has been offering free consultancy service to the aquaculture farmers in the coastal districts of Andhra Pradesh with respect to the management of water quality, food and diseases for achieving higher yields and profits in fish and shrimp culture farms. The department has MoUs with the aqua farmers regarding the research, organization of training programs, workshops, etc.
5. As a part of the project work, the students are directed to associate with the aqua farmers to get data regarding the management of culture practices, investments and returns.
6. The department is providing training to the rural unemployed youth for self employment or for placements in the concerned industries of their interest.
7. The studies on malaria prevalence in East Godavari, a coastal district of Andhra Pradesh revealed the high prevalence of malarial parasite, *Plasmodium falciparum* especially in agency mandals. Thus domiciliary survey was conducted in the selected five mandals to identify malaria status. The survey was also conducted to know the knowledge levels of

tribal and rural community. The patients and the local community was given awareness regarding the prevention of malaria, how to terminate the mosquito breeding places and to take proper medication only after confirmation of the parasite in the blood. Thus the rural and tribal community was educated at different levels to eradicate malaria. Tied up with local Primary Health Centres (PHCs), the researchers have conducted blood examination, given medication and counseling to the visitors at PHC.

8. The department is involved in guiding the affiliated colleges for organizing orientation programmes, conferences, seminars and workshops.
9. The facilities available in the department are extended to the needy people from the colleges and research institutes, and hands-on training was provided for various academic programs, particularly in handling the restructured courses.

48. Give details of “beyond syllabus scholarly activities” of the department.

Student tours to Institutes, Aqua Expos, Aqua farms and Hatcheries for academic awareness and field work experience. Arranging interaction programmes with the entrepreneurs, faculty and students. Students are actively participated in Academic exhibition and Republic day events with novel themes.

49. State whether the programme/ department is accredited/ graded by other agencies? If yes, give details. : Nil

50. Briefly highlight the contributions of the department in generating new knowledge, basic or applied.

The Department of Zoology, started in 1967, has been focusing its attention on various facets of Limnology, Fisheries and Aquatic Biology. The teaching and training programmes were designed accordingly, and the research activities revolved round these focal themes. The Department has been the first Department in India to start Limnology as specialization in the curriculum for M.Sc. students since 1967 and made significant contributions in basic Limnology through diversified research interests. With the strong foundations laid by the founder professors and the concerted efforts of successive Heads of the Department and the faculty members, the Department over the years has shown vast progress in all its teaching, research and extension activities.

The Department has earned national and international recognition for its unremitting contributions to the Biodiversity of freshwater ecosystems right from its inception. Almost all the freshwater fauna in the lower deltaic region of the river Krishna and some marine fauna along the East coast of India have been investigated. To this credit, the department has so far discovered more than 200 new species of fauna, most of which are zooplankton. Detailed limnological studies of several water bodies including river Krishna and lake Kolleru have also been carried out.

Following the vast and rapid expansion of Aquaculture in the coastal districts of Andhra Pradesh, the Department has inculcated Aquaculture in the curriculum and expanded its research activities to cater to the needs of fish farmers. Considering the growing importance of Aquaculture

NAAC Self Study Report (Cycle-3)

Industry, the department has acquired expertise in the area of Water quality, Nutrition, Diseases and Immunopathology and extending free consultancy service to the farmers of coastal Andhra Pradesh on fish and shrimp farming *via* Lab-to-Land programme.

The other interests of the Department include Aquatic Toxicology, Fish Pathology, Immunology and of late, Stygobiology (groundwater biology). The Department has been the first in India to unveil a new branch of biology, i.e. Stygobiology. So far more than 60 new species of stygobionts were reported from the Department.

The Department has also been well recognized for its academic excellence in Taxonomy, Egg morphology and molar morphology by SEM. Overall, the Department has received international acclaim on Taxonomy and Biodiversity studies on Zooplankton.

The contributions made in these areas are substantial as judged by the

- Papers published in peer reviewed high impact journals,
- The Ph.Ds produced as a means of capacity building in the students
- The participation and organization of National and International seminars, international collaborative research programmes,
- The research projects undertaken with the funds from various funding agencies,
- The Best researcher and the best Teacher awards at National and International level (as mentioned in the proforma) conferred on to the faculty members in recognition of their contributions.

Along with the progress in research and teaching, the facilities in the Department have also improved considerably. A central laboratory and computers with LAN and Wi-Fi facilities have been established with the funding provided by DST and UGC SAP-DRS projects. There is a full-fledged seminar hall, a good library with large collection of books and an excellent museum. The faculty members are also having well equipped laboratories, established with the funding provided in various research projects. The Department is organizing M.Sc. Zoology and M.Sc. Aquaculture programmes. It is also offering P.G. Diploma in Advanced Aquaculture Management, and Certificate course in Sustainable Aquaculture Management through Distance mode. The syllabi for the various courses are updated from time to time so as to include the modern aspects. The motive is to maintain quality and high standards. During the last one decade, the department has organized many Conferences/workshops as a means of dissemination of knowledge and interaction of scientists from different regions with expertise in different fields.

51. Detail five major Strengths, Weaknesses, Opportunities and Challenges(SWOC) of the department

Strengths:

- International recognition for the taxonomical and biodiversity studies of zooplankton, stygofauna and fish.

- International collaborative research with peers in Germany, Belgium, Mexico, USA, Australia and Newzealand for studying Zooplankton.
- Museum with rare specimens.
- The department has strong base for undertaking research in diverse fields such as Taxonomy, Biodiversity, Aquatic toxicology, Aquaculture, Stygobiology, Fish diseases and Immunology.
- Both M.Sc. Zoology and M.Sc. Aquaculture programmes with 85 and 60 student strength are running effectively with better placement offers in various fields.

Weaknesses:

- Limited space for providing practical laboratories for students and individual laboratory facilities for the faculty members to execute their research projects effectively.
- Lack of proper supporting staff with professional skills.
- Lack of funds and technical assistance for maintaining costly equipment, computers, etc.

Opportunities:

- The students will get the opportunity to serve as
- Faculty members in PG and UG educational institutions
- Research scientists and field officers in state and central fisheries institutions
- Hatchery Mangers and Technologists, Feed plant Managers, Marketing Executives, Consultants, Farm Managers, etc. in Aqua Industry
- Scientists in central institutions like CMFRI, CIFA, CIFE, SIFT, ZSI, IAS,

Group I

- and II officers.
- To pursue Ph.D and Post-Doctoral programmes in foreign countries.

Challenges:

- Being a rural university with most of the students studying in local language medium
- and having poor communication skills, it becomes a challenge to establish linkages and organize student exchange programmes with other institutions in India and abroad.
- Develop virtual class rooms to enable students to listen to lectures delivered by eminent scientist from other institutions
- Tapping the potential of information and communication technologies in the acquisition and dissemination of knowledge.

NAAC Self Study Report (Cycle-3)

- Make the M.Sc. Zoology / M.Sc. Aquaculture courses effective and globally competitive, create interface between the department, industry and community
- Capacity building through infrastructure development, upgradation of laboratories and library
- Conduct add-on courses to improve communication and writing skills
- Promote extension activities.

52. Future plans of the department

- Acquire space to provide individual laboratories to the faculty, and to establish Department Library, animal keeping house, computer lab with net facility.
- Upgradation of the present central laboratory
- To bring the department to the level of UGC-CAS and subsequent recognition as centre for excellence.
- Introduce innovative programmes in teaching and research by developing interdepartmental and interdisciplinary programmes.
- To undertake collaborative training and research programmes with different industries for mutual benefits.
- Involve students in extension activities relevant to their course.
- Establishment of zooplankton and algal culture laboratory

41. Was any need assessment exercise undertaken before the development of new Programmes? If so, highlight the methodology.

42. Does the department obtain feedback from

a. Faculty on curriculum as well as teaching-learning - evaluation? If yes, how does the department utilize the feedback?

Yes, the department obtains feedback from faculty on curriculum, teaching, learning and evaluation. The feedback collected will be analyzed and placed before the departmental committee. The feedback on curriculum will be used in modifying the syllabi.

b. Students on staff, curriculum and teaching-learning-evaluation and how does the department utilize the feedback?

Yes, the department collects the feedback from students on staff curriculum on teaching learning and evaluation processes. The data was sent to IQAC cell and remedial measures were taken accordingly.

c. Alumni and employers on the programmes offered and how does the department utilize the feedback?

Yes, the feedback from alumni and employees on programmes offered is collected and such information is used for improvement of quality of the department.

43. List the distinguished alumni of the department (maximum 10):

S. No.	Name	Affiliation of the Alumni
01	P.Venkata Reddy	Infosys Global HR Partner, Hyderabad
02	E.Anjaiah	Manager – HR, SAB Miller, Hyderabad

44. Give details of student enrichment programmes (special lectures / workshops/ seminar) involving external experts.

Special lectures are delivered to students by eminent subject experts for enrichment of subjects in every semester along with other regular classes.

45. List the teaching methods adopted by the faculty for different programmes.

The teaching methods adopted by the faculty members include lecture methods, seminars, project work, assignments, field visits, interactive learning and experiential learning.

46. How does the department ensure that programme objectives are constantly met and learning outcomes are monitored?

Each and every programme is monitored throughout the period to ensure conformity with what has been set as course objectives and learning outcomes. The methods adopted for the purpose includes continuous assessment, observations, field visits, project internships, semester end tests and results, participations in competitions, contributions of new thoughts and ideas, and innovativeness and leadership.

47. Highlight the participation of students and faculty in extension activities.

Students are participating in NSS programmes and the faculties are encouraging the students to participate in such type of social work oriented programmes.

48. Give details of “beyond syllabus scholarly activities” of the department.

Organizing student seminars, technical quiz, group discussion, event exhibition, state of art technology awareness programme, arranging expert lectures from industry & research institutions, encouraging students to competitions and paper presentation in the conferences

49. State whether the programme/ department is accredited/ graded by other agencies? If yes, give details. : Nil

50. Briefly highlight the contributions of the department in generating new knowledge, basic or applied.

The course is recognized by the Government of Andhra Pradesh for the appointment of welfare officers in the factories and the AICTE recognition is under way. The department maintains excellent liaison with industrial organizations located both inside and outside the state of Andhra Pradesh.

Through Extensive field work and Training, the students of the department are exposed to live situations and as a result there has been perceptible change in the mindset and behavioral pattern in positive way among the students.

**51. Detail five major Strengths, Weaknesses, Opportunities and Challenges (SWOC) of the department****Strengths:**

- Image of the University
- Highly experienced faculty
- High ranking students (Preferred University for students)
- Infrastructure

Weakness:

- Unable to find 100% placement in Campus Placements

Opportunities:

- Development of networking with more number of industry and research based social organizations.

41. Was any need assessment exercise undertaken before the development of new programme(s)? If so, highlight the methodology.

The University has a well organized system of curriculum design and development. Each Department has a Board of Studies at UG & PG levels consisting of experts from the faculty of the Department and from other Universities, representatives from industry and student representatives. Concerned subjects in different departments are grouped as one faculty and a senior teacher is nominated as the Chairperson. The Boards of Studies scrutinize two issues i.e., need assessment and feedback from the stakeholders before designing and developing the curriculum.

The need assessment is made basing on market surveys, public opinion, experts views, industry requirements, MoU entered with other institutions/organizations,

State policies, guidelines framed by UGC and other national apex bodies and regional requirements. The feedback is obtained formally and informally from faculty, students, alumni, employers and academic experts periodically following systematic procedures.

The draft curriculum will be discussed at length in periodic meetings of respective Boards of Studies and the final draft will be placed before the Academic Senate for approval. The Academic Senate is the final authority to approve the new programmes, curriculum, modifications in curriculum, syllabus, regulations, etc. in the existing programmes.

41. Was any need assessment exercise undertaken before the development of new Programme (s)? If so, highlight the methodology.

The University has a well organised system of curriculum design and development. Each Department has a Board of Studies at UG & PG levels consisting of experts from the faculty of the Department and from other Universities, representatives from industry. Concerned subjects in different departments are grouped as one faculty and a senior teacher is nominated as the Chair-person. The Boards of Studies scrutinize two issues i.e., need assessment and feedback from the stakeholders before designing and developing the curriculum.

The need assessment is made basing on market surveys, public opinion, experts views, industry requirements, MOU entered with other institutions/organisations, state policies, guidelines framed by UGC and other national apex bodies and regional requirements. The feedback is obtained formally and informally from faculty, students, alumni, employers and academic experts periodically following systematic procedures.

The draft curriculum will be discussed at length in periodic meetings of respective Boards of Studies and the final draft will be placed before the Academic Senate for approval. The Academic Senate is the final authority to approve the new programmes, curriculum, modifications in syllabus, regulations, etc. in the existing programmes.

42. Does the department obtain feedback from

a. Faculty on curriculum as well as teaching-learning - evaluation? If yes, how does the department utilize the feedback?

49. State whether the programme/ department is accredited/ graded by other agencies? If yes, give details. : Nil

50. Briefly highlight the contributions of the department in generating new knowledge, basic or applied.

The department has been trying to explore areas in which the immediate need of information is felt in and the new capital of Andhra Pradesh in which the university is located. We have been concentrating on agriculture, irrigation and other development needs. As the university is catering to the students and scholars of rural areas more thrust is being given to hone the skills of students in journalism and mass communication.

51. Detail five major Strengths, Weaknesses, Opportunities and Challenges (SWOC) of the department

Strengths	The strength of the department lies in the faculty who has vast experience in mass media, academic activities and research as well. All these are being taken up simultaneously by us. Since we have good contacts in media students are sent for internship to these organizations which sometimes is leading to absorption. With regard to campus placements also the <i>Eenadu</i> group in which Dr.G.Anita worked for more than a decade has been a frequent visitor.
Weaknesses	Since the university is far removed from the main cities and doesn't have access to the transport experts, resource persons could not be requested to come for lectures. We also could not afford to stay back and work for late hours. The access to media houses is denied due to distance. Frequent interaction with the media organisation would definitely be a good opportunity for us to impart skills to the students.
Opportunities	Since the capital is coming very close to the campus and many institutions are planned by the govt we get good opportunities to promote research. As many media organisations are also planning to shift their offices and establish full fledged head quarters this region would witness hectic activity.
Challenges	The department has to meet the growing needs such as starting new courses and providing more number of seats to the aspirants. Once the media organisations start moving from Hyderabad and establish themselves in the new capital there will be surge in the demand for more and more professionals. As the activities of governance are gearing up and many global organisations are planning to start their ventures the students need to groom themselves in multifaceted faculties. In this context the department needs to reorient its courses, programmes and activities.

52. Future plans of the department

The department is contemplating to start M.Sc. Visual Communication, MBA media management and Diploma courses in Public relations, Advertising and Photography etc. The department needs to make forays into specialised areas like film making, visual media and corporate communications. We have to enter into more MOUs so that we can develop network of media professionals which would help in identifying areas to strengthen academics, research and extension. Global outlook is the need of the hour and the department should try to get projects from national as well as international agencies.

24. Areas of Consultancy

University College of Pharmaceutical Sciences has free consultancy to provide FTIR services to other departments in the University and affiliated colleges.

25. Faculty selected nationally/ internationally to visit other laboratories/ Institutions/ Industries in India and abroad

Institutions visited:

Dr. A. Prameela Rani:

- NIAW, Faridabad.
- IICT, Hyderabad.
- CCMB, Hyderabad.
- Andhra University
- Kakatiya University
- Padmavathi Mahila University
- JNTU, Anantapur, Hyderabad, Kakinada
- Utkal University, Bhubaneswar
- RIPER, Anantapur
- Padmavathi School of Pharmacy

Industries visited:

- Acme Formulations: Dr.D.Ravi Sankar Reddy
Dr.K.Sujana
- Safe Parenterals & Formulations: Dr.D.Ravi Sankar Reddy
Dr.K.Sujana
Smt.U.Annapurna
Mr.P.Raghuveer
Mr.G.Srikar

- Jocil Limited : Dr.D.Ravi Sankar Reddy
Dr.K.Sujana
- Laila Nutraceuticals: Dr.D.Ravi Sankar Reddy
Dr.K.Vijay
Mr.K.Phani Kumar
Dr.P.Ravi
Mr.D.R.C.Sekhar Reddy
Mr. K.Vijaya Kishore

26. Faculty serving in

- a) **National committees** b) **International committees** c) **Editorial Boards** d) **any other (please specify)** : 23

a) National Committees : 17

Prof. A. Prameela Rani:

1. Member, State Expert Appraisal Committee, APPCB constituted by Ministry of Environment, Forest and Climate Changes, New Delhi.
2. Nominee, CPCSEA, Animal Welfare Division, Ministry of Environment, Forest & Climate Change, Govt. of India, New Delhi.
3. External member, selection committee, Career Advancement Scheme in College of Pharmaceutical Sciences, Andhra University
4. Member, Fact Finding Committee, JNTUK for the academic year 2013-14 to inspect pharmacy colleges.
5. BOS Chairman for Pharmacy College.
6. Scientific committee member for 66th Indian Pharmaceutical Congress held at Hyderabad during January 23-25th, 2015.
7. Pharmacy Council of India, Inspector.
8. Main nominee, IICT, Hyderabad
9. Main nominee, IAEC, Vignan Institute of Pharmaceutical Technology, Vadlamudi, Guntur.
10. Main nominee, IAEC, Safa College of Pharmacy, Kurnool.

11. Socially Aware nominee, IAEC, Sri Padmavathi School of Pharmacy, Tirupathi.
12. Socially Aware nominee, IAEC, Konaseema Institute of Medical Sciences and Research, Amalapuram.
13. Socially Aware nominee, IAEC, Institute of Medical Sciences, Bommakal, Karimnagar.
14. Socially Aware member, IAEC, Nirmala College of Pharmacy, Mangalagiri, Guntur.
15. Scientist from outside the Institute, IAEC, Sri Padmavathi Mahila Viswavidyalam, Tirupathi
16. Scientist from outside the Institute, IAEC, Raghu College of Pharmacy, Visakhapatnam.

c) Editorial Boards : 06

Prof.A.Prameela Rani: Editorial board member in

1. International Journal of Applied Pharmaceutical Sciences.
2. Pharmanest
3. International Journal of Pharmacy and Pharmaceutical Sciences

Dr.K.Sujana:

1. Editorial board member in Pharma Contempo Journal

G.Srikar:

1. Reviewer in International Journal of Pharmacy and Pharmaceutical Sciences
2. Editorial board member and Reviewer in International Journal of Pharma Science and Scientific Research

27. Faculty recharging strategies (UGC, ASC, Refresher / orientation programs, workshops, training programs and similar programs:

Number of faculty attended refresher programs	: 17
Number of faculty attended workshops	: 17
Number of faculty attended training programs	: 1
Number of faculty attended seminars/ conferences	: 1

28. Student projects

- a) Percentage of students who have done in-house projects including, inter departmental projects : 100%
- b) Percentage of students doing projects in collaboration with other universities/ industries / institute : 30%

29. Awards / recognitions received at the national and international level by:

a) Faculty: 04

• Prof.A.Prameela Rani:

- 1) UNESCO Ugadi Puraskaram i.e., “Seva Siromani” **on the occasion of 18th Anniversary Celebrations of UNESCO Club of Guntur for outstanding service to the society and excellence in chosen field of activity on** ^{21st} March 2015 at Guntur.
- 2) Secured Best Research Paper published in National Journal-Professional Courses on 38th Foundation Day Celebration, ANU.
- 3) Secured Best Research Paper published in International Journal-Professional Courses on 37th Foundation Day Celebration, ANU.

• Dr.P.Ravi:

- 1) J.J.RAO GOLD MEDAL award for best PhD thesis for the year 2013.

b) Doctoral / post doctoral fellows: Nil

c) Students: 60

30. Seminars / Conferences / workshops organized and the source of funding (national / international) with details of outstanding participants, if any

The University College provides platform for encouraging research activities by organising various national level Seminars, Symposia, Workshops in Pharmaceutical Sciences.

Convener/Director: Prof.A. Prameela Rani

S.No	Name of the Seminar/ Workshop	Dates	Funding Agency	Details of outstanding participants		National/ International
				Details of keynote addressee	No. of Student participants	
1.	Intellectual Property Rights & Patent Filing	25 th & 26 th March 2015	U.G. C., New Delhi	Dr.H.Purushotham Chairman and MD, National Research Development Corporation (NRDC) Ministry of Science & Technology, Govt. of India.	500	National Workshop

2.	Employment opportunities and required skills for pharmaceutical students”	26 th February 2015.	-	Prof. K. R. S. Sambasiva Rao, Professor of Biotechnology, ANU	200	National Workshop
3.	Experimental Pharmacological Techniques	28 th & 29 th April 2014	CPC-SEA-Ministry of Environment & Forests, Govt. of India	Smt. Prema Mohan Under Secretary & CPIO, Ministry of Environment & Forests Govt. of India (Animal Welfare Division)	600	National Workshop
4.	Role of Modern Instrumentation Techniques in Current Concepts of Pharmaceutical Sciences	14 th & 15 th March 2014	U. G. C., New Delhi	Dr. T. V. Narayana Chairman, Education Division, The Indian Pharmaceutical Association, Mumbai	550	National Workshop
5.	New trends in Molecular Medicine & Pharmacogenomics	13 th & 14 th April 2013	-	Pharma Aspirants & Royal Diagnostics, Vijayawada	700	National Seminar
6.	Drug Regulatory Affairs and Quality Assurance	8 th February 2013	A. P. State Council of Higher Education	Dr. J. Balasubramaniam General Manager, R&D, RA CHEM PHARMA LTD., Hyderabad	620	National Seminar
7.	Innovative Research and Development in Pharmaceutical Sciences - Current Scenario and New Horizons	9 th & 10 th November 2012	U. G. C., New Delhi	Sri G. Palleswara Rao Vice President- Operations Hetero Labs Ltd., Hyderabad	650	National Seminar

31. Code of ethics for research followed by the departments

The college strictly obeys the code of ethics in its research as per the norms of University & UGC to implement full time, part time research and research admissions by strictly following the rule of reservation policy of the state government. Plagiarism check is done before submission of the thesis by the candidate to improve the quality of the research. Review meetings are being conducted every year to assess progress of the research being carried out by the candidate as per the guidelines of the DRC.

32. Student profile programme-wise:

Name of the Programme (refer to question no.4)	Year	Selected		Pass percentage	
		Male	Female	Male	Female
B.Pharm (UG)	2014-15	111	131	95	96

40. Number of post graduate students getting financial assistance from the University : Nil

41. Was any need assessment exercise undertaken before the development of new Programme (s)? If so, highlight the methodology.

We made a comprehensive study about the course, relevance of the course for the present day technology and necessity of the trained persons in the field and discussed about the syllabus and curriculum in the Board of studies meetings with external members. The need assessment is made basing on student opinion, expert view and industry requirement. The feedback has been obtained from faculties, students, alumni and employers.

- A new PG Program M.Pharm (Pharmaceutics) has been introduced during 2012-13 Academic year.
- New PG Programmes M.Pharm (Pharmacology and Industrial Pharmacy) have been introduced during 2013-14 Academic year.

42. Does the department obtain feedback from

a) Faculty on curriculum as well as teaching-learning - evaluation? If yes, how does the department utilize the feedback?

Yes, the college obtains feedback from faculty on curriculum as well as teaching-learning-evaluation. Obtained feedback will be analyzed by the departmental committee and staff council. Based on the resolutions of the meeting curriculum and syllabi will be modified in the Board of Studies meeting based on the Industry needs.

b) Students on staff, curriculum and teaching-learning-evaluation and how does the department utilize the feedback?

Yes, the college obtains feedback from the students on staff, teaching learning evaluation process. The data is analyzed with the coordination of IQAC, ANU and necessary measures are taken accordingly. As part of it, the faculty are encouraged to attend Faculty Development programmes, Skill Development programmes, Workshops and Seminars initiated by the central and state governments to upgrade their knowledge/skills and offer better services to student community.

c) Alumni and employers on the programmes offered and how does the department utilize the feedback?

Yes. The College obtains feedback from alumni and employers on the programmes offered. The suggestions are discussed in the college committee to start new programs for the benefit of the students; new subjects with more practical approach are initiated as per the needs of the society with the approval of BOS.

43. List the distinguished alumni of the department (maximum 10):

1. Ch. Srujani, Asst. Professor, Acharya Nagarjuna University College of Pharmaceutical Sciences
2. B. Sandhya Rani, Drug Inspector.
3. T. Naresh, QA Executive, Pellets Pharma.
4. P. Adam Khan, QA Executive, Pellets Pharma.
5. R. Sravan Krishna, Jr. Drug Safety Associate, Pharmacovigilence, Tech Mahindra, Hyderabad.
6. S. Venu, QA Executive, Rashmi Pharmaceuticals, Hyderabad.
7. R. Geethika, Jr. Research Associate, FR&D, Heterolabs, Hyderabad.
8. B. Siva Sankar Naik, Jr. Research Associate, FR&D, Heterolabs, Hyderabad.
9. Md. Abu Talath, Drug Safety Associate, Pharmacovigilence, Bioclinica.
10. A. Chaitanya, Jr. Research Associate, F,R&D, Hetero labs, Hyderabad
11. Rajawardhan Reddy. M, Research Analyst, R&D, Aurobindo Pharma
12. Suvarna Surapu Reddy, Asst. Pharmacist, Almazroui Pharmacy, Abudhabi, UAE

44. Give details of student enrichment programmes (special lectures / workshops/ seminar) involving external experts.

1. G. Narayana, Director and Safety engineer, Exofficer SRTRI, Govt.of A.P delivered an expert Talk on Fire Safety/Awareness training session on 2nd April,2015
2. Dr. H. Purushotham, Chairman and MD, NRDC, Ministry of Science & Technology delivered an expert Talk on Patent Protection and an Overview at U. G. C. sponsored National Workshop on “Intellectual Property Rights & Patent Filing” held during 25th & 26th March 2015.
3. Sri. Tallapaka Venkata Madhusudhan, Deputy Controller of Patents & Designs, Chennai Patent Office delivered an expert Talk on Filing & Prosecution of Patent Applications in India at U. G. C. sponsored National Workshop on “Intellectual Property Rights & Patent Filing” held during 25th & 26th March 2015.

4. Dr. D. T. Mohan Krishna, Associate Professor, Pendekenti Law College delivered an expert Talk on Intellectual Property Rights - Patents & Pharmaceuticals at U. G. C. sponsored National Workshop on “Intellectual Property Rights & Patent Filing” held during 25th & 26th March 2015.
5. Prof. K. P. R. Chowdary, Chairman, BOS in Pharmacy, JNTUK, Kakinada delivered an expert Talk on Patentable Research in Pharmacy at U. G. C. sponsored National Workshop on “Intellectual Property Rights & Patent Filing” held during 25th & 26th March 2015.
6. Sri. Divvela Hanumantha Rao, Retired Director, DCA delivered an expert Talk on, Opportunities for Pharma Professionals - Licenses & Permits at a glance, at U. G. C. sponsored National Workshop on “Intellectual Property Rights & Patent Filing” held during 25th & 26th March 2015.
7. Dr. Seppakam Perum Subramaniyan, Asst. Controller of Patents and Designs delivered an expert Talk on Pharmaceutical Patenting System in India and Remedies for invalidating Patent at U. G. C. sponsored National Workshop on “Intellectual Property Rights & Patent Filing” held during 25th & 26th March 2015.

20. Dr. Sreedhara Chaganty, Senior Manager, Laila Nutraceuticals, Vijayawada delivered an expert Talk on Regulated Bioanalysis at APSCHE sponsored one day National Seminar on “Drug Regulatory Affairs and Quality Assurance” on 8th February 2013.
21. Sri. Y. Vijay Rajesh Kumar, Group leader, FR&D, RA CHEM PHARMA LTD. Hyderabad delivered an expert Talk on Role of IPR in Generic Development at APSCHE sponsored one day National Seminar on “Drug Regulatory Affairs and Quality Assurance” on 8th February 2013.
22. Prof. K. P. R. Chowdary Retired Principal, Andhra University college of Pharmaceutical Sciences delivered an expert Talk on Research methodologies in Pharmaceutical Sciences during 20th to 27th November, 2011 as a part of National Pharmacy Week celebrations.
23. A seminar on Stress management was organized by the Psychologist on 8th July, 2011 at the college.
24. Prof. Swamy, Department of Environmental Sciences, ANU delivered an expert Talk on Plastic pollution in the environment on 15th April, 2011 which was sponsored by the Lifelong Learning Department, ANU.

45. List the teaching methods adopted by the faculty for different programmes.

University College provides Interactive class room teaching, Practical classes, Projects, training on advanced instruments provided, conducting seminars for students. The methods adopted for different programmes include:

- Preparing Lesson Plans
- Black board teaching
- OHP Presentation
- LCD Presentation
- Tutorials.

46. How does the department ensure that programme objectives are constantly met and learning outcomes are monitored?

The following assessment process improves overall performance of the students indicates that the objective of teaching-learning is achieved.

- Conducting regular practicals.
- Conducting sessional examinations in both theory and practicals.
- Conducting and evaluation of seminars on various topics related to the subject
- Class tests and viva-voce examinations.
- One month inplant industrial training.
- Programmes were conducted for the students on Personality development, Communication skills and Career development.
- For students projects are given to inculcate research attitude.
- Enhanced percentage.
- Conducting quiz competitions and Poster presentations to students.
- Allotting Assignments and seminars to the students to develop writing skills and communication skills in their field

47. Highlight the participation of students and faculty in extension activities.

1. ANUCPS conducted different programmes which include health campaigns, medical camps, and awareness rallies on different seasonal diseases like malaria, typhoid etc; Blood donation camp and free eye screening camp. In this contest ANUCPS adopted NAMBUR village which was made venue to conduct all the programmes.
2. Staff and students of college actively participated in the mega awareness programme on the eve of 12-12-2012 and to attempt gunnies world record in the category of largest "Bare foot walk".

3. Cultural Activities.
4. Sports and games.
5. Swatcha Bharath.

48. Give details of “beyond syllabus scholarly activities” of the department.

- The college organizes workshops, seminars, elocution, essay writing, quiz, and event exhibition, inviting expert lectures from industry & research institutions and encourages students to competitions and paper presentation in the conferences.
- Participation of students in National Pharmacy Week celebrations, Academic exhibitions and Republic day celebrations.
- Participation of students in NSS activities.
- Participation of students in University level and Inter University level cultural, sports and games competitions.

49. State whether the programme/ department is accredited/ graded by other agencies? If yes, give details.

The Programs are approved by

- Pharmacy Council of India, New Delhi.
- AICTE, New Delhi.

50. Briefly highlight the contributions of the department in generating new knowledge, basic or applied.

- The University College is constantly striving in generating new knowledge by actively participating in research activities. Every year significant PhD's and research papers are produced.
- The faculty is encouraged to improve their academic performance by attending refresher courses. They are encouraged to organize and attend conferences, seminars, workshops and other training programs in the area of their expertise. The data is updated monthly and the strengths of the faculty are identified.
- The College has well equipped laboratories and offering free consultancy services to other departments in University and affiliated colleges in and around Guntur.
- The college approved Animal House Establishment by MoEF & CC, New Delhi for conducting experiments on small animals to improve the quality research towards obtaining patents.

51. Detail five major Strengths, Weaknesses, Opportunities and Challenges (SWOC) of the department

Strengths

- The University College is equipped with sophisticated instruments like FTIR, UV-Visible Spectrophotometer (Thermoscientific & Shimadzu), Tablet Punching machine, Rota vapour, Lyophilizer, Cooling Centrifuge, Probe sonicator, Cup and Bob viscometer, Stability chamber, Semi auto analyser etc., to carry out the research work. The faculty of our university college are well qualified with 6 Doctorates and devoted for the research work.
- The alumni of the college are in good positions to give guidance to their juniors.
- The faculty is sanctioned with research projects from UGC & AICTE.
- The Faculty of our University College are members of various committees in state and central government organizations thereby enhancing the image of the college.
- The College has well established CPCSEA approved Animal house facility to conduct research experiments with animals established and approved by MoEF & CC, New Delhi, in order to get quality and patentable research.

Weakness:

- Lack of Professors and Associate Professors at the college as per AICTE/ PCI norms.

Opportunities

- The institute has to adopt advanced teaching and learning Practices
- The institute needs webinars to inculcate faculty and students with latest technology and softwares.
- The institute should stand at heights in Research and Development
- Provides international exposure to the students by way of MoU's with Industries and foreign organizations.
- Good Placements for students for their career.

Challenges

- Catching with changes at the global level in respect of curriculum and teaching environments.
- Improve and increase collaborations between institute and Pharma industries for professional development.
- Developing students with employability skills.
- Promoting research at international standards.

**52. Future plans of the department**

- Planning to Introduce Certification courses in collaboration with Industries.
- Planning to purchase new advanced equipment to encourage research.
- To establish industry- institute interactive cell.
- To create awareness of Pharma profession in the society by arranging exhibitions, camps and public lectures.
- To apply Research projects from central/state government funding agencies.
- To produce high quality pharmacist work force to suit the needs of the industries, community and pharmaceutical regulations.
- To conduct more number of conferences/ seminars/ workshop in a year.
- To enhance the all-round capability of students to achieve success in their career competitive exams.
- To enhance campus recruitment drives through our placement cell.
- To uplift the student with rural background joined at our institution.
- To enhance the communication skills and entrepreneurial skills of students.

CIVIL ENGINEERING

1. **Name of the Department** : **Civil Engineering**
2. **Year of Establishment** : **2009**
3. **Is the Department part of a School/Faculty of the University?**

Yes, Faculty of the University

4. **Names of programmes offered**

- a) UG (Bachelor of Technology in Civil Engineering)
- b) PG (Master of Technology in Structural Engineering)
- c) Ph.D.

5. **Interdisciplinary programmes and the departments involved**

41. Was any need assessment exercise undertaken before the development of new programme(s)? If so, highlight the methodology.

The University has a well organised system of curriculum design and development. Each Department has a Board of Studies at UG & PG levels consisting of experts from the faculty of the Department and from other Universities, representatives from industry and student representatives. Concerned subjects in different departments are grouped as one faculty and a senior teacher is nominated as the Chairperson. The Boards of Studies scrutinize two issues i.e., need assessment and feedback from the stakeholders before designing and developing the curriculum.

The draft curriculum will be discussed at length in periodic meetings of respective Boards of Studies and the final draft will be placed before the Academic Senate for approval. The Academic Senate is the final authority to approve the new programmes, curriculum, modifications in curriculum, syllabus, regulations, etc. in the existing programmes.

42. Does the department obtain feedback from

a. Faculty on curriculum as well as teaching-learning - evaluation? If yes, how does the department utilize the feedback?

Yes, department takes necessary action in modifying the curriculum as well as teaching learning – evaluation by conducting Board of Studies meeting twice in a year.

b. Students on staff, curriculum and teaching-learning-evaluation and how does the department utilize the feedback?

Yes, feedback will help further in improving the skills of staff and to modify their method of teaching.

c. Alumni and employers on the programmes offered and how does the department utilize the feedback?

Yes, feedback is used in modification of the curriculum to make it more useful for the industry needs.

43. List the distinguished alumni of the department (maximum 10) : 7

1. Vatsalya Reddy completed her P.G at IIT Madras and presently working at TATA Motors, Mumbai as Environmental Engineer
2. Sindhu Madhavi completed her P.G at IIIT Hyderabad and presently working as Structural Engineer at AARVY Engineers PVT.Ltd

3. Manikanth completed his P.G at NIT Rourkela and presently working at L&T Chennai division
4. Raghu Ram pursuing his Ph.D. at IIIT Hyderabad
5. G. Vamsidhar working at COGNIZANT, Texas, U.S.A
6. Nissi working as Asst. Executive Engineer at Urban Infrastructure Development, CRDA A.P
7. Harish completed his P.G from IIT Kharagpur

44 Give details of student enrichment programmes (special lectures / workshops/ Seminar) involving external experts.

Special lectures and seminars by external experts are conducted in the department time to time. The following are the few enrichment programmes conducted by the department during the last 5 years.

1. Dr. K. Srinivas – H.O.D R.V.R & J.C College of Engineering
2. Dr. M. Rama Rao – Professor R.V.R & J.C College of Engineering
3. K. Srikanth – Senior Engineer at Transtroy
4. Dr. T. Chandra Sekhar – Professor Bapatla Engineering College
5. T. Mallikarjuna Rao - Surveyor

45. List the teaching methods adopted by the faculty for different programmes.

Conventional teaching methods, Assignments, Quizzes, Power Point presentation, Audio Visual Seminars and Charts, Interactive Teaching methods, Field visits are the most commonly used teaching methods in the department.

46. How does the department ensure that programme objectives are constantly met and learning outcomes are monitored?

The programmes offered by the department are continuously monitored to achieve programme objectives and learning outcomes. The methods adopted for the purpose include continuous assessment.

47. Highlight the participation of students and faculty in extension activities.

- Blood donation camp conducted by NSS Unit
- Organisation of community service programmes.

**48. Give details of “beyond syllabus scholarly activities” of the department.**

- 1) The department encourages students to participate in various national and international conferences to present their work and attend courses.
- 2) Department encourages students to organise symposia like ANUSODHANA and cultural activities every year

49. State whether the programme/ department is accredited/ graded by other agencies? If yes, give details. : Nil**50. Briefly highlight the contributions of the department in generating new knowledge, basic or applied.**

The Civil Engineering faculty recognized that the department needs to promote their activities. Several innovative steps were taken to publicize the strengths and contributions of the department and its faculty. The faculty is encouraged to improve their academic performance. They are encouraged to organize and attend seminars and workshops in the area of their expertise.

51. Detail five major Strengths, Weaknesses, Opportunities and Challenges (SWOC) of the department**Strengths**

- Well qualified and reputed teaching staff,
- Active research and consultancy.
- High calibre student input through state/national level entrance examinations.
- State of the art infrastructure facilities

Weakness: NIL**Opportunities**

- Increasing research activities and projects
- Extending community services.

Challenges

- To establish faculty of Civil Engineering as a centre of excellence.
- To generate a compatible technology in the field of Civil Engineering.

- To generate innovative ideas and structure for development of department.
- To promote research to focus on the areas of construction industry's demands.

52. Future plans of the department

- Enrichment of the laboratory with the advanced equipment.
- To train students towards the quintessential leap from the course curriculum to the challenges in the field.

COMPUTER SCIENCE & ENGINEERING

Concerned subjects in different departments are grouped as one faculty and a senior teacher is nominated as the Chairperson. The Boards of Studies scrutinize two issues i.e., need assessment and feedback from the stakeholders before designing and developing the curriculum.

The need assessment is made basing on market surveys, public opinion, experts views, industry requirements, MoU entered with other institutions/organisations, state policies, guidelines framed by UGC and other national apex bodies and regional requirements. The feedback is obtained formally and informally from faculty, students, alumni, employers and academic experts periodically following systematic procedures.

The draft curriculum will be discussed at length in periodic meetings of respective Boards of Studies and the final draft will be placed before the Academic Senate for approval. The Academic Senate is the final authority to approve the new programmes, curriculum, modifications in curriculum, syllabus, regulations, etc. in the existing programmes.

42. Does the department obtain feedback from

- a. **Faculty on curriculum as well as teaching-learning - evaluation? If yes, how does the department utilize the feedback?**

Yes, the department obtains feedback from faculty on curriculum, teaching, learning and evaluation. The feedback collected will be analysed and placed before the departmental committee and staff council. The feedback on curriculum will be used in designing/modifying the syllabi on teaching learning evaluation will be used to improve the respective processes.

- b. **Students on staff, curriculum and teaching-learning-evaluation and how does the department utilize the feedback?**

Yes, the department collects the feedback from students on staff curriculum on teaching learning and evaluation processes. The data is analyzed and corrective measures are taken accordingly.

- c. **Alumni and employers on the programmes offered and how does the department utilize the feedback?**

Yes, the feedback from alumni and employees on programmes offered is collected and such information is used for improvement of quality of the department.

43. List the distinguished alumni of the department (maximum 10):

Sl. No.	Name and Affiliation of the Alumni
1.	Ms. Radhika, Virtusa Software, BangaloreHy
2.	Mr. C. Ananth Kumar, TCS, Bangalore

44. Give details of student enrichment programmes (special lectures / workshops/ seminar) involving external experts. : Nil

45. List the teaching methods adopted by the faculty for different programmes.

Preparing Lesson Plans, OHP Presentation, PPT Presentation, Tutorials.

46. How does the department ensure that programme objectives are constantly met and learning outcomes are monitored?

The department continuously monitors student performance at the end of each semester/ year/ course based on the outcomes and take remedial measures to see that the program objectives are satisfied. According to the programme offered in the department, Programme Objectives (PO's) and Learning outcomes (LO's) are designed.

For **B.Tech programme** four PO's are as given below:

PEO-I : To impart strong fundamental knowledge in areas of mathematics, technical and to develop necessary engineering skills so as to prepare the students to analyze, design, develop and solve engineering problems.

PEO-II : To prepare the students in the field of computer science by imparting knowledge in core areas like Numerical methods and programming, Computer organization, Microprocessors, Security, Image Processing, Database Management System, Object Oriented Programming, Data structures and Algorithms, Operating Systems, Artificial Intelligence, Software Engineering etc..

PEO-III : To train the students in designing and to solve engineering problems, provide training in soft skills; prepare them for higher studies thereby enabling them for continuous learning and for their career development.

PEO-IV: To inculcate ethical values for their professional development and well being which further results in societal benefits.

Learning Outcomes (LO):

The strength of any department, college or institution is their students. The Learning Outcomes (POs) of our B.Tech programme assures that the students will acquire

Knowledge in Engineering Fundamentals (LO1): The ability to learn new subjects, apply the knowledge of engineering, science and mathematics to the design of software components and systems.

Problem Analysis & Design (LO2): The ability to identify, analyze, design and solve engineering problems with the knowledge gained from the subjects like mathematics, basic science and engineering.

Adherence to current Technology (LO3): The ability to do experiments and develop logic so as to write software programmes which are framed in the syllabus. They also develop in-depth programming skills in subjects like database, object oriented programming, graphics, multimedia, developing games and web programming etc. .

Social responsibility & Ethics (LO4): Apply the acquired knowledge for the benefit of the society keeping in view the global and societal concerns relevant to professional engineering practice and to understand the norms in engineering practice and their underlying ethical foundations.

Environment & Sustainability (LO5): To understand the impact of engineering solutions in the societal and environmental contexts and apply the knowledge to demonstrate the need for sustainable development.

Interpersonal Relationships (LO6) : the ability to communicate effectively on complex engineering activities with the engineering community and with society at large, such as being able to comprehend and write effective reports and design documentation, make effective presentations, and give and receive clear instructions.

Continuous Learning Practices (LO7): To recognise the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technical change. The student learns to function effectively as an individual, and as a member or leader in diverse teams and in multi-disciplinary settings.

Management Aptitude Development (LO8): To demonstrate the knowledge and understanding of management principles and apply these to one's own work, as a member and leader in a team, to manage projects and in multidisciplinary environments.

The department also offers M.Tech. PG program with Digital Image Processing as specialization. All the M.Tech programmes span for a period of two years (4 semesters), where in the student are exposed to advanced topics in the first three semesters and the final semester deals with project.

As per Nagarjuna University standards, any M.Tech., Graduate should be a specialists in his/her area of specialization having the capability to conceive new systems/applications. They should possess some of the following characteristics.

1. Independence in work and thoughts.
2. Ability to engineer requirement/system to carry out systems integration.
3. Ability to explore the latest technology and its applications.
4. Be a technology manager.
5. Capability to deploy appropriate technology paradigm for given tasks.
6. Ability to form and lead teams.
7. Ability to build convincing technical cases for approval/demonstration of initial ideas by conducting experiments and forming examples.

In accordance with the above general Programme objectives, below are the specific PO's and LO's of each specialization in specific:

M.Tech (DIP) :

The main objective of this discipline is to train the student's to meet the industry needs of the country, to pursue research in specialized areas, and to meet the growing needs of engineering

colleges for trained faculty in Computer Science and Engineering. The programme includes courses covering the core of Computer Science and Engineering discipline and several electives in the areas of Human Computer Interaction, Theoretical Computer Science, Networks & Security, Data Mining, Software Management, Distributed Systems and Hardware.

Program objectives:

1. To impart quality education in the field of computer science and to carry out leading-edge research.
2. Update and train the students about the rapidly evolving technology and emphasize on continuous learning towards quality education.
3. To produce quality professionals who can support R&D activities and Industry by holding various positions in India and abroad.

Learning Outcomes:

1. The student will develop strong learning skills and impart knowledge in key subject areas relevant to current scenario in the field of computer science and engineering.
2. Exposure to work on latest research topics for their Dissertation.

47. Highlight the participation of students and faculty in extension activities.

Participated in NSS, NCC, Blood donation Camps, Academic Exhibitions, Youth Festivals, Games, Science Fairs, Cultural Activities, Social activities and Swatcha Bharath.

48. Give details of “beyond syllabus scholarly activities” of the department.

1. Organizing Technical Quizzes, Group discussions, Seminars, Event exhibitions, State-of-the art technology awareness programs and others.
2. Hands on training on IOT
3. Hands on training in networking

49. State whether the programme/ department is accredited/ graded by other agencies? If yes, give details. : Nil

50. Briefly highlight the contributions of the department in generating new knowledge, basic or applied.

The Department of Computer Science and Systems Engineering was established in 2009.. Since inception, it has grown in stature to be ranked amongst the best in the country. The de-

partment has highly experienced and well qualified faculty with more than 10 years of average experience.

The faculty of the department is actively engaged in research in the areas of VLSI testing, ROBOTICS, Artificial Intelligence, Data & Knowledge Management, Software Engineering, Image Processing, Theoretical Computer Science, Cryptography and Network Security, Algorithms and Graphics, Bio-informatics and Data Ware Housing & Data Mining, Bionic Systems. The faculty members are collaborating with institutions like Center for Artificial Intelligence & Robotics, Bangalore, National Ship Design Research Center, Visakhapatnam, Naval Science & Technological Lab, Visakhapatnam, National Jiao Tong University, China, APNGR Agricultural University, and others for research.

The Department has established R&D facilities to propagate emerging technologies and develop cutting edge tools in the fields of Artificial Intelligence, Data mining and Warehousing, Security Engineering and Software engineering. The Department has well equipped laboratories and offering consultancy services to Industrial organizations in and around Vizag.

Some of the major initiatives in the direction of strengthening of research in the University College of Engineering Department include signing of MOU with CDAC, INTEL, DRDO.

The department faculty are quite involved in contributions in the research areas of data mining, AI, robotics, sensor networks, embedded systems, and others. In data mining area, associative classification technique has been developed by the researchers in the department to deal with imbalanced/ multi-class data sets with minimum information requirement for classifying unknown entities in the domain of minority and majority class entities. A recent contribution is on incremental cluster formation with special emphasis on non-uniformly distributed entities involving heterogeneous types of attributes. Optimal parameter setting of structure/model parameters in the dimensional space of classifier/regression models through a recursive algorithm was also developed.

A safety-critical computer system (SCCS) for rail-road crossing system was developed for experiments in embedded systems Also bionic ear, a digital health product was designed and developed as part of the research contributions and was made available for embedded experimentation.

Department faculty involved in AI and expert systems research developed agricultural expert systems for Crop management and other uses as part of collaboration with APNGR Agricultural University, Hyderabad.

Bio-informatics research group in the department has been contributing towards drug design to control diabetes mellitus through the study of genetic causes using gene expression data that regulates diabetes mellitus.

51. Detail five major Strengths, Weaknesses, Opportunities and Challenges (SWOC) of the department

Strengths

- Faculty in general having excellent academic background.
- High caliber student input through state/national level entrance examinations.
- State of the art infrastructure facilities.
- More number of research contributions by the faculty in national/international journals.

Weaknesses : Nil

Opportunities

- Introduction of new programmes to meet the ever changing industry demands.
- Establishment of advanced laboratories in addition to the available laboratory infrastructure.

Challenges

- To compete with peer departments in premier institutions in India and abroad.
- To put best efforts to enhance the department's image under occasional constraints of resources.
- To attract more funding from national/international agencies by following best effort approach towards research and consultancy.

52. Future plans of the department

The following are the future plans of the department:

- To start PG program in Networking an evening program in collaboration with CISCO
- Establish a research laboratory on data mining in collaboration with corporate companies
- To organize national seminars on new paradigms of soft computing
- To establish the consultancy centre in the department

ELECTRONICS & COMMUNICATION ENGINEERING

41. Was any need assessment exercise undertaken before the development of new Programmes? If so, highlight the methodology.

A new PG Program M.Tech (Communication Engineering and Signal Processing) has been introduced during 2013-14 academic year. We made a comprehensive study about the course, relevance of the course for the present day technology and necessity of the trained persons in the field and discussed about the syllabus and curriculum in the Board of studies meetings with external members from Industry, research organizations, other reputed Institutions like IITs and NITs and Student representatives.

The need assessment is made basing on market surveys, public opinion, expert view and industry requirement. The feedback has been obtained from faculties, students, alumni and employers.

42. Does the department obtain feedback from

- a. **Faculty on curriculum as well as teaching-learning - evaluation? If yes, how does the department utilize the feedback?**

Yes. The department obtains feedback from faculty on curriculum, teaching, learning and evaluation. Obtained feedback will be analyzed by the departmental committee and staff council. Based on the resolutions of the meeting curriculum and syllabi will be modified in the Board of Studies meeting based on the Industry needs.

- b. **Students on staff, curriculum and teaching-learning-evaluation and how does the department utilize the feedback?**

Yes. The department obtains feedback from students on staff curriculum and teaching-learning and evaluation. The data is analyzed with the coordination of IQAC, ANU and necessary measures are taken accordingly. As part of it, the faculty are encouraged to attend Faculty Development programmes, Skill Development programmes, Workshops and Seminars initiated by the central and state governments to upgrade their knowledge/skills and offer better services to student community.

- c. **Alumni and employers on the programmes offered and how does the department utilize the feedback?**

Yes. The department obtains feedback from Alumni and employers on the programmes offered and the information is used for the improvement of the quality of the department. The suggestions are discussed in the college committee to start new programs for the benefit of the students; new subjects with more practical approach are initiated as per the needs of the society with the approval of BOS.

43. List the distinguished alumni of the department (maximum 10):

Sl. No.	Name and Affiliation of the Alumni
1.	Mr. M. Murari, Delloit, HyderabadHy

45. List the teaching methods adopted by the faculty for different programmes.

- Preparing Lesson Plans,
- OHP Presentation,
- PPT Presentation,
- Tutorials.

**46. How does the department ensure that programme objectives are constantly met and learning outcomes are monitored?**

- a) An ability to identify, formulate the electronics & communication engineering problems, including the planning, specification,
- b) design, implementation, and testing of operation of systems, components, and/or processes that meet performance, cost, time, safety, and quality requirements;
- c) An ability to function on multi-disciplinary teams;
- d) Knowledge of some electrical, and core electronics engineering, computer engineering topics appropriate to their degree program, with depth in at least two sub disciplines of electrical/computer engineering;
- e) An ability to use modern engineering techniques, skills, and tools, including computer-based tools for analysis and design
- f) an ability to apply knowledge of mathematics, science, and engineering to the analysis of electronics and communication engineering problems
- g) an ability to design and conduct scientific and engineering experiments, as well as to analyze and interpret data;
- h) an ability to design systems that include hardware and software components;
- i) an ability to convey technical material through oral presentation and interaction with an audience.
- j) an ability to convey technical material through formal written papers/ reports which satisfy accepted standards for writing style
- k) An understanding of professional and ethical responsibility.
- l) Recognition of the need for, and an ability to engage in, life-long learning process.

Monitoring Process: The programmes of the department monitored throughout the period to concur with their objectives and learning outcomes. The methods adopted for the purpose includes collecting feedback , continuous assessment, observations, semester end tests.

47. Highlight the participation of students and faculty in extension activities.

Participated in NSS, NCC, Blood donation Camps, Academic Exhibitions, Youth Festivals, Games, Science Fairs, Cultural Activities, Social activities and Swatcha Bharath.

48. Give details of “beyond syllabus scholarly activities” of the department.

The department organizes student seminars, technical quizzes, group discussion, event exhibition, expert lectures from industry & research institutions and encourages students to competi-

tions and paper presentation in the conferences. Students are also participated in University level and Inter University level competitions.

49. State whether the programme/ department is accredited/ graded by other agencies? If yes, give details. : Nil

50. Briefly highlight the contributions of the department in generating new knowledge, basic or applied.

The ECE department faculty recognized that the department needs to promote their activities. Several pioneering steps were taken to publicize the strengths and contributions of the department and its faculty. The faculty is encouraged to improve their academic performance. They are encouraged to organize and attend conferences, seminars, workshops and other training programs in the area of their expertise. The data is updated monthly and the strengths of the faculty are identified.

The Department has established R&D facilities to propagate emerging technologies and develop cutting edge tools in the fields of Antennas, VLSI Design, Signal Processing and Image Processing. The Department has well equipped laboratories and offering consultancy services to Industrial organizations in and around Guntur.

Some of the major initiatives in the direction of strengthening of research in the University College of Engineering Department include signing of MOU with ISRO & DRDO.

The department faculties are quite involved in contributions in the research areas of Antennas, VLSI Design, Wireless Communications, Image Processing, Signal Processing, Communications, Computer Networks, and Artificial Neural Networks etc.

51. Detail five major Strengths, Weaknesses, Opportunities and Challenges (SWOC) of the department

Strengths

- Image of the university
- Highly experienced faculty
- High ranking students (Preferred university for students)
- Infrastructure

Weakness: NIL

Opportunities

- Development of networking with more number of industry and research based social organizations.

- Application of enhanced ICT
- Providing international exposure to the students by way of MoU's with foreign organization
- More and more consultancy services

Challenges

- Catching with changes at the global level in respect of curriculum and teaching environments
- Building the network of alumni
- Developing students with employability skills
- Promoting research at international standards

52. Future plans of the department

- To conduct more number of conferences/seminars/workshop in a year
- To establish centre of excellence in collaboration with funding agencies.
- To establish small fabrication unit for Patch Antennas
- To establish Satellite Ground Station.

41. Was any need assessment exercise undertaken before the development of new programme(s)? If so, highlight the methodology.

The University has a well organized system of curriculum design and development. Each Department has a Board of Studies at UG & PG levels consisting of experts from the faculty of the Department and from other Universities, representatives from industry and student representatives. Concerned subjects in different departments are grouped as one faculty and a senior teacher is nominated as the Chairperson. The Boards of Studies scrutinize two issues i.e., need assessment and feedback from the stakeholders before designing and developing the curriculum.

The need assessment is made basing on market surveys, public opinion, experts views, industry requirements, MoU entered with other institutions/organizations, state policies, guidelines framed by UGC and other national apex bodies and regional requirements. The feedback is obtained formally and informally from faculty, students, alumni, employers and academic experts periodically following systematic procedures.

The draft curriculum will be discussed at length in periodic meetings of respective Boards of Studies and the final draft will be placed before the Academic Senate for approval. The Academic Senate is the final authority to approve the new programmes, curriculum, modifications in curriculum, syllabus, regulations, etc. in the existing programmes.

42. Does the department obtain feedback from

- a. Faculty on curriculum as well as teaching-learning - evaluation? If yes, how does the department utilize the feedback?**

Yes. the department obtains feedback from faculty on curriculum, teaching, learning and evaluation. The feedback collected will be analysed and placed before the departmental committee and staff council. The feedback on curriculum will be used in designing/modifying the syllabi on teaching learning evaluation will be used to improve the respective processes.

b. Students on staff, curriculum and teaching-learning-evaluation and how does the department utilize the feedback?

Yes. the department collects the feedback from students on staff curriculum on teaching learning and evaluation processes. The data is analyzed and corrective measures are taken accordingly.

c. Alumni and employers on the programmes offered and how does the department utilize the feedback?

Yes. the feedback from alumni and employees on programmes offered is collected and such information is used for improvement of quality of the department.

43. List the distinguished alumni of the department (maximum 10) : Nil

44. Give details of student enrichment programmes (special lectures / workshops/ seminar) involving external experts.

45. List the teaching methods adopted by the faculty for different programmes.

Use of black board, Power point presentation, use of Smart board, one-to-one interaction with students for tutorials, conducting remedial classes for weak students.

46. How does the department ensure that programme objectives are constantly met and learning outcomes are monitored?

a) By conducting frequent meetings among staff council.

b) Learning outcomes are monitored by Departmental Research Committee.

The programme objectives and learning outcomes are monitored continuously. The methods adopted for the purpose includes continuous assessment, observations, semester end tests and results, participations in competitions, contributions of new thoughts and ideas, and innovativeness and leadership.

47. Highlight the participation of students and faculty in extension activities.

Participated in NSS, NCC, Blood donation Camps and social activities

48. Give details of “beyond syllabus scholarly activities” of the department.

1. Organizing Technical Quizzes, Group discussions, Seminars, Event exhibitions, State-of-the-art technology awareness programs and others.
2. Guest Lectures are being arranged as and when an opportunity arises

49. State whether the programme/ department is accredited/ graded by other agencies? If yes, give details. : Nil

50. Briefly highlight the contributions of the department in generating new knowledge, basic or applied.

The electrical engineering faculty recognized that the department needs to promote their activities. Several innovative steps were taken to publicize the strengths and contributions of the department and its faculty. The faculty is encouraged to improve their academic performance. They are encouraged to organize and attend seminars and workshops in the area of their expertise.

Better interaction between Technical institutions and industry is the need of the hour. This will have great bearing on the Engineering Curriculum, exposure of industrial atmosphere to engineering students and subsequent placement of young graduating engineers in industries across the country. With the advent of globalization and opening up of Indian economy to outside world, competitions among industries have become stiff. Similarly, there is an urgent need to prepare engineering students for jobs in multinational companies, by exposing them to newer technologies and engineering methodologies.

51. Detail five major Strengths, Weaknesses, Opportunities and Challenges(SWOC) of the department

Strengths

- Faculty in general having excellent academic background.
- High caliber student input through state/national level entrance examinations.
- State of the art infrastructure facilities.
- More number of research contributions by the faculty in national/international journals.
- Infrastructure

Weakness: Nil

Opportunities

- Introduction of new programmes to meet the ever changing industry demands.
- Establishment of advanced laboratories in addition to the available laboratory infrastructure.

Challenges

- To compete with peer departments in premier institutions in India and abroad.
- To put best efforts to enhance the department's image under occasional constraints of resources.
- To attract more funding from national/international agencies by following best effort approach towards research and consultancy.

52. Future plans of the department

The following are the future plans of the department:

- The Department plans to establish Industry-Institute Interaction Cell, Renewable energy sources laboratory
- The department is also planning to organize workshop/seminars on new advancements in electrical engineering.
- To establish the consultancy centre in the department

MECHANICAL ENGINEERING

from other institutions/universities	: -

40. Number of post graduate students getting financial assistance from the University : Nil

41. Was any need assessment exercise undertaken before the development of new programme(s)? If so, highlight the methodology.

The University has a well organized system of curriculum design and development. Each Department has a Board of Studies at UG & PG levels consisting of experts from the faculty of the Department and from other Universities, representatives from industry and student representatives. Concerned subjects in different departments are grouped as one faculty and a senior teacher is nominated as the Chairperson. The Boards of Studies scrutinize two issues i.e., need assessment and feedback from the stakeholders before designing and developing the curriculum.

The need assessment is made basing on market surveys, public opinion, experts views, industry requirements, MoU entered with other institutions/organisations, state policies, guidelines framed

by UGC and other national apex bodies and regional requirements. The feedback is obtained formally and informally from faculty, students, alumni, employers and academic experts periodically following systematic procedures.

42. Does the department obtain feedback from

- a. **Faculty on curriculum as well as teaching-learning - evaluation? If yes, how does the department utilize the feedback?**

Yes, the department utilizes that feedback for modification of curriculum as per welfare of the students.

- b. **Students on staff, curriculum and teaching-learning-evaluation and how does the department utilize the feedback?**

Yes, the department utilizes that feedback for implementing new teaching learning process.

- c. **Alumni and employers on the programmes offered and how does the department utilize the feedback?**

Yes, department utilizes that feedback for the future growth of the department.

43. List the distinguished alumni of the department (maximum 10):

Name of renowned Alumni	Designation
S.Pawan Kumar	Software Engineer TCS
Sk.Irfan Basha	Software Engineer TCS
Ben Yonah	Software Engineer TCS
S.Bhavani Shankar	Software Engineer, L.G
Ch.Deepika Chowdary	M.B.A (USA)
M.Sarat Chandra	Software Engineer TCS
Sk.Ashrof	CPF, Multi National Company

44. Give details of student enrichment programmes (special lectures / workshops/ seminar) involving external experts.

Special lectures from different industries, NITs, IITs and NSTL were conducted to enrich the knowledge in the students. Departmental day, Symposiums were also organized in the department.

45. List the teaching methods adopted by the faculty for different programmes.

- Basic Teaching learning method is employed – i.e black board teaching
- Teaching method using projector and notes.
- Now, ICT methodology is used for teaching.

46. How does the department ensure that programme objectives are constantly met and learning outcomes are monitored?

- By conducting frequent meetings among staff council.
- Learning outcomes are monitored by Departmental Research Committee.

47. Highlight the participation of students and faculty in extension activities.

- Under community development program organized in the department
- Blood donation camp conducted by NSS Unit
- NCC Unit Special Camps

48. Give details of “beyond syllabus scholarly activities” of the department.

Guest Lectures are being arranged as and when an opportunity arises

49. State whether the programme/ department is accredited/ graded by other agencies? If yes, give details. : Nil

50. Briefly highlight the contributions of the department in generating new knowledge, basic or applied.

51. Detail five major Strengths, Weaknesses, Opportunities and Challenges (SWOC) of the department

Strengths

- Image of the university
- Highly experienced faculty
- Located in Capital City
- Infrastructure
- Well established labs.

Weakness: NIL

Opportunities

- Development of networking with more number of industry and research based social organizations.
- Application of enhanced ICT
- Providing international exposure to the students by way of MoU's with foreign organization
- More and more consultancy services
- More and more consultancy services

Challenges

- Catching with changes at the global level in respect of curriculum and teaching environments
- Building the network of alumni
- Developing students with employability skills
- Promoting research at international standards

52. Future plans of the department

The Department plans to establish Industry-Institute Interaction Cell, Materials testing Laboratory, Robotics Lab, and Mechatronics laboratory. These are at different stages of consideration in taking shape.

ENGINEERING CHEMISTRY

1. **Name of the Department** : **Engineering Chemistry**

A supporting department to take classes for B.Tech Students.

42. Does the department obtain feedback from

- a. **Faculty on curriculum as well as teaching-learning - evaluation? If yes, how does the department utilize the feedback?**

Yes. The department obtains feedback from faculty on curriculum, teaching, learning and evaluation. Obtained feedback will be analyzed by the departmental committee and staff council. Based on the resolutions of the meeting curriculum and syllabi will be modified in the Board of Studies meeting based on the Industry needs.

b. Students on staff, curriculum and teaching-learning-evaluation and how does the department utilize the feedback?

Yes. The department obtains feedback from students on staff curriculum and teaching-learning and evaluation. The data will be analyzed and corrective measures will be taken accordingly.

c. Alumni and employers on the programmes offered and how does the department utilize the feedback?

Yes. The department obtains feedback from Alumni and employers on the programmes offered and the information is used for the improvement of the quality of the department.

43. List the distinguished alumni of the department (maximum 10): Nil

44. Give details of student enrichment programmes (special lectures / workshops/ seminar) involving external experts.

- 1) Invited lectures by experts and Alumni members for knowledge enhancement and updation (each year 1 to 2)

46. How does the department ensure that programme objectives are constantly met and learning outcomes are monitored?

Monitoring Process: The M.Phil and Ph.D. Programmes offered by the department are monitored throughout the period to ensure conformity with the programme objectives and learning outcomes through presentations in seminars and encouraging the students through research publication.

47. Highlight the participation of students and faculty in extension activities.

- One of our faculty member served the institution as “ACTA” for conducting Spot valuation
- One of our faculty member served the institution as a member in the examination cell
- Our students participated in blood donation camps
- Our students participated in NSS programmes organised by university
- Our students participated in NCC camps

48. Give details of “beyond syllabus scholarly activities” of the department.

- Conducting Seminars and Group Discussion
- Conducted science exhibition
- Quizzes and group discussions
- Conducted cultural activities

49. State whether the programme/ department is accredited/ graded by other agencies? If yes, give details. : Nil

50. Briefly highlight the contributions of the department in generating new knowledge, basic or applied.

- Developing Physics skills for all Engineering graduates(i.e Physics knowledge is necessary for all engineering graduates)
- Eight research scholars are pursuing for M.Phil, Ph.D degrees under the guidance of the faculty members of this department.
- A Major Research Project was sanctioned for one faculty member by CSIR funding agency and the work is under progress.
- This dept. published 09 Journal papers.

51. Detail five major Strengths, Weaknesses, Opportunities and Challenges (SWOC) of the department**Strengths**

- Image of the university
- Highly experienced faculty
- High ranking students (Preferred university for students)
- Infrastructure

Weakness: NIL

Opportunities

- Development of networking with more number of industry and research based social organizations.
- Application of enhanced ICT
- Providing international exposure to the students by way of MoU's with foreign organization
- More and more consultancy services

Challenges

- Catching with changes at the global level in respect of curriculum and teaching environments
- Building the network of alumni
- Developing students with employability skills
- Promoting research at international standards

52. Future plans of the department

- To conduct more number of conferences/seminars/ workshop in a year
- To establish centre of excellence in collaboration with funding agencies.
